Town of Wilmington Massachusetts

Annual Report
1985

IN MEMORIAM

John D. Brooks
Clayton E. Buck
Thomas E. Cavanaugh
William T. Silva
Charles M. Steeves
Thomas O. Sullivan
Stanley Webber

Cover:

Wilmington's fourth and final Vietnam memorial was dedicated in 1985. The monument honoring Pfc. John Rich was dedicated on May 5, 1985 near Avco on Lowell Street. Monuments have been previously set honoring Richard Welch, John Fullerton and Robert Parent. Each monument is cut from a block of native Wilmington granite and carries a cutting of black granite from the national Vietnam Monument in Washington D. C. On this black granite is the name of each soldier as it appears on the monument in Washington. The placement and dedication of the monuments was a project of Commander Fred Shine of the Wilmington Disabled American Veterans, Chapter 106. The Town wishes to thank Commander Shine, the Board of Selectmen and D. P. W. Superintendent Robert Palmer for their efforts in making these memorials a reality.

TOWN OF WILMINGTON
MASSACHUSETTS
BOARD OF SELECTMEN

1985 proved to be a year of progress and promise for the Town of Wilmington. In July there was the long awaited ground breaking for renovations and additions to Wilmington High School. Articles passed at the Annual Town Meeting included a moratorium on the sale of town-owned land, computerized linkage for the library, the purchase of a new ladder truck, a water treatment plant, a proposal to study alternate means of receiving electric power, and the establishment of a handicapped commission.

A proposal for an office building at Silver Lake dominated the news, and the issue was resolved when a Special Town Meeting voted to buy the land in question. Zoning and rezoning figured prominently in the news. A proposal for a motel at the intersections of Routes 93 and 62, as well as PRD zoning for a condominium project for land off Broad Street were rejected. A proposal for a nursing home on Hillside Way near the Burlington line brought protests from the residents of the area. Protests were also heard from the residents of Burlington Avenue regarding a large subdivision proposed for the Roberts Estate.

The Wilmington Selectmen met with the Selectmen from three other towns to plan a course of action relative to Reading Municipal Light Department. The Wilmington Chamber of Commerce and the Town filed petitions with the Massachusetts Department of Public Utilities challenging the rates and practices of the company; and, the Department has accepted jurisdiction for an investigation. At a rate increase hearing, proposed rate increases met strong objection. The Reading Municipal Light Department announced a rate cut for residential customers. However, at an October hearing by the Massachusetts Department of Utilities, Town officials and residents spoke against the practices of the Reading Municipal Light Department.

The Wilmington Water and Sewer Commissioners announced a discharge monitoring system to detect dumping of corrosives into the sewer. A chemical leak at the Olin Chemical Plant on Eames Street resulted in the evacuation of the area surrounding the plant. The Board of Selectmen have pledged whatever help necessary to the Board of Health to solve the problems with chemical industries in south Wilmington.

The Special Town Meeting held in December was monumental in several ways: first, the voters overwhelmingly approved a town by-law regulating underground storage of petroleum products, and second, the voters denied the payment of a final court judgement levied by Federal Judge Robert E. Keeton in the Judy Freiwirth (Campaign to Stop the Euro-Missiles) vs. the Town of Wilmington.

A memorial was dedicated on May 5 to John Rich, a Wilmington Marine killed in Vietnam in 1966. Tommy Sullivan, who retired as Tree Warden and Assistant Superintendent of the Department of Public Works in April, was killed on May 13 in a tree accident. School Committeeman and former Selectman John Brooks and former Principal Assessor, Stanley Webber, died in July. Charles Steeves, Assistant Superintendent of Maintenance for the Town, died suddenly shortly before Christmas.

There were other rites of passage: Robert Horan was named Superintendent of Schools, and Henry Dembowski, Assistant; Ernest F. Romano retired as Director of Public Health, and Gregory Erickson has been appointed his successor; Dorothy Peters retired as Town Accountant, and Edward Walsh has been appointed as her replacement. Wilmington High School math teacher and track coach, Francis Kelly was honored as the "Good Guy" of 1985.

Familiar landmarks disappeared. The Walker School was torn down, and the Roman Carriage House was wantonly burned. However, the Town Common blazed in full glory during the holiday season with new festive lights - and dissipated the memory of Hurricane Gloria which struck the Town in September.

In retrospect: a year of promise and progress. The Selectmen conclude this report with an expression of deep appreciation to all those who serve the Town of Wilmington.

Robert L. Doucette

TOWN OF WILMINGTON

MASSACHUSETTS 01887

OFFICE OF THE
TOWN MANAGER

AREA CODE 617
658-3311

To the Honorable Board of Selectmen and Citizens of Wilmington:

"The American Revolution broke out, and the doctrine of sovereignty of the people came out of the townships, and took possession of the State. Every class was enlisted in its causes; battles were fought and victories obtained for it; it became the law of laws."

Alexis DeToqueville

Two hundred years ago Alexis DeToqueville saw "sovereignty of the people" as the "law of laws" in these United States. No place but in New England is sovereignty of the people more at home than in our unique town meeting system of government. Every registered voter has the opportunity to determine the fate of the municipality whenever a town meeting is convened. In 1985 Wilmington saw four town meetings which carried on the normal business of the town, set broad policy and specific by-laws which will change the fate of Wilmington for years to come.

At the Annual Town Meeting the voters approved a twenty-five million dollar budget for Fiscal Year 1986. They supported a three year moratorium on the sale of town-owned land and required a study of the manner and means of the disposal of this town-owned land. This meeting took bold steps towards the creation of the town's own municipal electric department by dedicating an amount of funds to study this matter. Approval was given for a new water treatment plant in North Wilmington at \$6.4 million dollars. The Wilmington Redevelopment Authority was given expanded jurisdiction to include the town center, particularly Route 38 Main Street and Route 129, for the purposes of overseeing the center reconstruction and renovation program to be funded by the Commonwealth. The voters saw fit to create a Handicapped Commission. The Library Department was funded for a computer system that will link to the Merrimack Valley Library Consortium.

At a special town meeting the townspeople voted to take a small parcel of land on Main Street at Silver Lake by eminent domain. The town paid \$100,000 for that parcel. The voters also approved the transfer of the Town Forest from the care and custody of the Selectmen to that of the Conservation Commission.

In the spring of 1985 the town honored P.F.C. John A. Rich, a serviceman killed in Viet Nam, by placing a monument in his honor at the Avco tennis courts on Lowell Street. The Disabled American Veterans provided the Selectmen with a P.O.W./M.I.A. flag to be flown at the Town Common.

During the summer of 1985, the high school renovation and addition groundbreaking took place. Because of the inclement weather, the Town officials had to "break ground" in doors. This long awaited and much needed project was awarded to Sciaba Construction Company of Readville, Massachusetts for \$5,116,050. Also, during the summer the Walker School was raised to make way for a playground, part of which will be named in the honor of Jason Stevenson. Jason was killed in front of the high school and he lived in the vicinity of the Walker School. On October 13 the Carriage House, which was recently moved to a site near the football field/track, was destroyed by a fire of suspicious origin.

Hurricane Gloria swept through town in September and numerous trees were uprooted, thousands of limbs fell to the ground, and as a result, power was out in several parts of the community for a number of days.

Several ongoing projects need to be noted for 1985: Ballardvale Street, funded through a Massachusetts Department of Public Works Economic Development grant, was given an approval by the state environmental departments and construction was initiated. As a result, the first 1,500 feet of Ballardvale Street was straightend, widened and improved for drainage and traffic safety. The town's cable t.v. franchise with Greater Boston Cable Corporation was in the process of negotiations during the year. The Reading Municipal Light Department was a subject of a study performed by Arthur D. Little. Several meetings were held with businesses and industries in Wilmington regarding the option of the creation of an independent power department utilizing co-generation; a technology which was once popular forty years ago, and it is now making a comeback because of the high cost nuclear power.

There have been several committees at work reviewing the State's proposal for a new Route 62 Burlington Avenue Bridge and a renovation and reconstruction of the entire Town Center including Main Street, Church Street, Middlesex Avenue, and Olson Road. The Wilmington Board of Selectmen, Wilmington Redevelopment Authority, and the Chamber of Commerce have been working with Representative James R. Miceli to arrive at an acceptable design for the town.

The Town also worked very closely with the Wilmington Housing Authority in the construction of elderly (Chapter 667) and family housing (Chapter 705). Eight units of family housing are scheduled to be built. The Board of Selectmen turned over eleven parcels to the Wilmington Housing Authority as potential scatter sites for low and moderate income family housing. In addition, at a Special Town Meeting in 1984, the town voted to contribute \$144,000, approximately \$18,000 per parcel, towards the construction of eight single family housing units.

In November of 1985, Olin Chemical Group experienced a leak of hydrogen chloride gas, which resulted in the evacuation of more than 2,000 plant workers and approximately 300 residents in south Wilmington. This chemical incident jolted the consciousness of the entire community into thinking about worse-case scenarios regarding chemical incidents. As a result of this event and complaints regarding other chemical facilities in south Wilmington, the Board of Selectmen, the Board of Health, and the emergency response departments are now formulating plans to ensure that toxic leaks will not occur in the town. This is a long-term process and will involve administrative and legal procedures to insure that the health and safety of those who live and work in Wilmington will be protected.

For Fiscal Year 1986 the Board of Selectmen, once again, voted to classify the tax rate. The residential rate was set at \$13.70 and the commercial, industrial and personal property rate was set at \$21.83. This is a sizeable reduction in the tax rate from previous years rates because of a recent update of the entire values in the community performed by the Board of Assessors. As a result of this update, the town's total value was increased from \$631,329,000 to \$930,377,655. Even though the tax rate decreased, the values of real estate increased by approximately 30% from 1984 to 1985.

During the year the town witnessed the retirement of Dorothy L. Peters and the hiring of Edward F. Walsh, Town Accountant, and also the retirement of Ernest F. Romano, and the hiring of his replacement, Gregory P. Erickson, Director of Public Health.

The policy makers of our community, the Board of Selectmen, working hand and hand with the Legislative arm of our government, the town meeting voters, were able to put life into DeToqueville's phrase "doctrine of sovereignty of the people."

I wish to express my appreciation to the Board of Selectmen for their leadership and guidance during 1985, to the department heads for carrying out their administrative functions in a capable and professional manner, and to all the town employees for their whole-hearted cooperation and assistance. In addition, I wish to acknowledge the boards, committees, and commissions that give freely of their time for the betterment of the Town of Wilmington. To the entire Wilmington family, I say a hearty "thank you" for your cooperation during 1985, and I wish continued success for 1986.

Respectfully submitted,

Reginald S. Stapczynski
Town Manager

Town Clerk

Vital Statistics - Chapter 46, General Laws as amended:

Births - Final figure for 1984	209
Births - Actually recorded for 1985	212
Marriage Intentions recorded for 1985	182
Marriage recorded for 1985	180
Deaths recorded for 1985	117

Chapter 46, Section 15:

The Town Clerk will furnish to parents, householders, physicians, and registered hospital medical officers applying therefor, blanks for the return of births as required by law.

Chapter 207, Sections 19, 20 & 40:

Chapter 718, Acts of 1979 made changes to sections 19, 20 and 40. Anyone intending to marry should contact office to see if any changes have been made in the laws.

Chapter 207, Section 45:

This chapter provides for the availability of marriage records:

Chapter 114, Section 45, 46:

Forty burial permits have been issued by the Town Clerk as Special Agent to the Board of Health. Twelve out-of state deaths were reported and filed in this office. Twenty-nine Wilmington Veterans were buried in Wildwood Cemetery.

Permits and Certificates of Registration for the Storage of Inflammables:

Inflammable permits are issued by the Board of Selectmen through the Town Clerk. Notice is sent to owner and or occupant of the land where the storage is located on or about March 15th for renewal by April 30th of each year. Failure to register or comply with the Boards regulations may result in revocation of the permit after a public hearing. Ninety-seven Flammable permits were issued during the year.

An Underground Storage By-Law was added to the Inhabitant By-Laws, making it now mandatory for all underground tank owners to register with the Town Clerk.

Permits & Recordings:

Uniform Commerical Code recording	442	Business Certificates issued	75
Uniform Commercial Code terminations	70	Business withdrawals	0
Federal Lien recordings	11	Fish and Wildlife licenses	772
Federal Lien releases	0	Pole locations	25
Dog licenses issued	1,459	Medical registrations	1
Duplicate dog tags	25	Raffle & Bazaar permits	9

Other Services:

By virtue of her office, the Town Clerk is clerk to the Board of Registrars.

In this capacity, she has met with the Board of Registrars on a regular monthly meeting night, kept the minutes of same up to date, supervised the Annual Town Census by mail, was Coordinator for the 1985 State Census, kept the voting list up-to-date, and registered voters during the regular office hours of the Town Clerk. She also meets with the Board for Special evening sessions to register voters and to certify nomination papers for candidates.

Board of Registrars

In accordance with Section 1, Chapter 3 of the Town By-Laws, meetings of the Board of Registrars were held on the second Wednesday of each month for the registration of voters and to conduct business. Under Chapter 616 of the Acts of 1958, these meetings were open to the public and press, and it is so posted in the Town Hall.

The Board held registration periods as are required by law for the Annual Town Election & Town Meeting of April 20, and 27, the Special Town Meetings of March 18, April 27, and December 2, all in 1985.

The Town Clerk attended most of the Conferences in order to keep up with the changing election laws and changes affecting the census. As State Census Coordinator, information for the 1986 census had to include three questions dealing with minority groups.

The 1985 calendar year ended up with 9,792 registered voters.

The Board of Registrars wants to thank all citizens of the town who returned their CENSUS forms. A true census is an asset to the town.

According to Secretary of State Connolly, the decennial state census this year was especially important. It will determine the Commonwealth's Senate and Representative districts, and the distribution of state aid to the 351 cities and town of Massachusetts.

The final count for the State Purposes was 17,704 with 195 people living out of town either at school or other facility, giving the town a true population of 17,899.

Constable

During the year the following notices and warrants were posted:

<u>Event</u>	<u>Posted</u>	<u>Date</u>
Special Town Meeting	6 places	February 22, 1985
Annual Town Meeting & Election	6 places	April 3, 1985
Special Town Meeting	6 places	April 3, 1985
State Primary Election	6 places	November 2, 1985

Notices of all Zoning and Inhabitant By-Law changes, after approval by the Attorney General, were also posted in each of the six precincts.

Town Engineer

Evaluation of Work Load

An examination of the work load for the Engineering Department reveals that we spent our time this year as follows: 5% Highway Department, 15% Water and Sewer Board, construction projects; 25% Planning Board, subdivisions; 20% Town Clerk; 15% town-wide and future projects; 10% Town Manager and Board of Selectmen; 10% all others.

In-House Procedures

The up-dating of Assessors' maps continues to be a problem which requires a large part of our time. current up-dated Assessors' maps are a valuable tool for the town's citizens and other town departments, boards and commissions.

Projects for the Year

The department provided inspections for 16 current subdivisions, 78 Official Map variances, for which streets are being constructed, and 22 projects approved under site plan review.

Conclusion

The department continues to adjust time and resource priorities to better serve town-wide interest, although with the rapid substantial increase in land values and building construction the department will have to adjust to a full-time inspection function for all personnel.

Emergency Management

The Civil Defense Agency for the Town was renamed Emergency Management in order to reflect the more realistic goals of the organization, which are to supply needed services to the citizens of Wilmington. This would include covering a wide spectrum of needs, from furnishing personnel and radios to assist at checkpoints for the annual Walk-a-Thon, to providing personnel and emergency communications during Hurricane Gloria and the recent industrial incident in south Wilmington.

At the present time, the Agency has a very active and noted radio communications group comprised of fourteen F.C.C. licensed radio operators. This radio communications team is supervised by Mort Grant and Doug Chisholm. The base station for the Agency is located at the Nynex Tower at the junction of Routes 129 and 38. The antenna mounted on top of the tower is 183 feet above ground level. Subsequently, the Emergency Management Agency has a communications capability noted as far superior to that of any of the 85 communities which comprise Area 1-D of Massachusetts Civil Defense.

Another element of the Agency is the Dive Team, under the supervision of William Gable. The Dive Team recently purchased a new dry dive suit, flotation tank vests, as well as the newest type of air regulators.

The rescue team, under the supervision of Mark DePasquale and Steven Larivee, is in the process of being reorganized and updated in terms of equipment.

The Emergency Management Agency extends its thanks and appreciation to all who have supported its growth and development. It should be noted that the support of the Town Manager has been most helpful in elevating this Agency to its present status. It continues to be my sincere privilege to serve the Town of Wilmington as the Coordinator for the Emergency Management Agency.

Fire Department

The manual force consists of Chief, two Deputy Chiefs, four Lieutenants and twenty-eight Privates. There is a call force of ten members. The department responded to a total of two thousand two hundred sixty (2,260) calls during 1985.

Residential Buildings	19	Out of Town Assistance	41
Commercial Buildings	6	False Alarms or Needless Calls	120
Chimney, Fireplaces & Woodburning Stoves	7	Rescue and Ambulance	1,234
Vehicles	100	Service Calls	497
Brush, Grass, or Rubbish	324		

Estimated value of property endangered was \$13,953,700. Estimated property loss was \$337,458.

The following is a list of permits issued:

Smoke Detectors	261	\$1,305
Fire Alarm	99	495
Oil Burners	129	645
Propane	47	235
Blasting	65	325
Fire Report	25	125
Black Powder	5	25
Liquid Gas	2	10
Tank Removal	5	25
Flammable Liquids	8	40
Smokeless Powder	2	10
Underground Tanks	1	5
Model Rocket	2	10
Total	651	\$3,255

As required by law, inspections of all schools, public buildings, and all flammable storage were made by Deputy Chief Stewart.

The following personnel changes were made: Retired, William Lopez; resigned, Thomas Robbins. Privates, Christopher Nee, Brian Anderson, Daniel Stygles and Linda Giles graduated from the Mass. Fire Academy.

The Fire Alarm Division tested all fire alarm boxes. All repairs were made to the system during the hurricane. After the hurricane, all circuits functioned properly. Fire Alarm had 82 changeovers. Five new master boxes installed in the municipal system. Extended 4,396 feet of RC wire. Removed one box from the Walker School. One box repaired. Fire alarm is in the process of getting new wire for additional circuits for Andover Street. Inspected seven new installations for hook-up to the municipal system. There are six additional new locations to be inspected and made ready this coming year.

To comply with the Underground Tank Storage By-Law adopted at the Special Town Meeting of December 2, 1985, all underground tanks must be registered with the Town Clerk by April 2, 1986.

I wish to extend my thanks to the staff and members of the Wilmington Fire Department for their support, loyalty and dedication to duty during 1985.

Public Buildings Department

Renovations to the Buzzell School for the Senior Citizen Center continued throughout 1985. Participants in the renovation project were Shawsheen Tech, Carpenter's Union, Painter's Union and various industries. Occupancy is expected in early 1986.

Work at the Swain School occupied much of the summer months. Extensive modification was required to fit the High School shops into the building. The shops will return to the High School after renovations are completed.

Two door openings at the Fire Station were enlarged so the new ladder truck will fit in the building.

A new roof was installed on the Town Hall. Extensive wiring was provided for the computer system at the Town Hall and Memorial Library.

The Walker School was demolished in October. On the same weekend the former Maintenance Shop (Carriage House) was destroyed by fire. The Public Buildings Department offices and shop are now located in the former Whitefield School.

Painting of the Harnden Tavern and barn was completed in November.

Minimal building damage was caused by Hurricane Gloria. The High School gymnasium was used as an emergency shelter. The Emergency Preparedness Team also used the High School as a radio base.

The above are the highlights of projects accomplished during 1985.

Francis Crispo, Head Custodian North Intermediate School and Arthur Ryder, Custodian Town Hall retired during 1985. Thank you both for your years of service and best wishes in your retirement.

Charles Steeves, Assistant Superintendent Public Buildings passed away in December. Lost to the Public Buildings Department was a leader, friend and valued employee. We shall miss him.

To the department heads and employees that assisted the Public Buildings Department during 1985, thank you. Your assistance is most appreciated.

Sealer of Weights & Measures

	<u>Sealed</u>	<u>Not Sealed</u>	<u>Adjusted</u>	<u>Condemmed</u>
Scales, Balances, Weights	251	33	71	18

Capacity Measures	44	19	37	28
Other Measuring Devices	63	34	30	22
Prepackaged Foods Items	8000			

The above is a list of all weighing and measuring devices, scales, meters, pumps, that were tested, sealed, not sealed, adjusted, and condemned during the year 1985.

Police Department

The enclosed statistical report represents the total for all crimes, complaints and incidents reported during 1985; and, for the most part, the corresponding enforcement efforts of the Wilmington Police Department. During 1985 the total number of complaints, and incidents reported to the police department increased by 18% from 10,966 in 1984 to 12,914 during 1985. For the most part these increases were in the areas of minor offenses and service related incidents. In fact the serious crime categories decreased significantly during 1985. Robberies and Sex Crimes were both decreased by 200%. Breaking and Entering homes and buildings were down by 42% from 206 incidents in 1984 to 119 in 1985. Totals for Assaults and Batteries were down by 34% from 44 in 1984 to 29 in 1985. Stolen motor vehicles were reduced by 14% from 85 in 1984 to 73 in 1985. Although the police department experienced an increase of 1,948 complaints during 1985, due to the decreases in these major crime categories, the Uniform Crime Reports compiled by the State and Federal Governments will show a reduction in crime rates for the Town of Wilmington.

Motor vehicle accidents and traffic congestion continues to be a serious community problem. During 1985 the department investigated five (5) fatal accidents and numerous accidents involving serious personal injuries. This is the first time in five years that the community has experienced this number of fatalities. The total number of accidents increased by 66, from 1,330 in 1984 to 1,396 during 1985. The department's enforcement efforts to deal with this ever increasing problem is reflected in the traffic enforcement statistics for 1985. During the year the number of motor vehicle offenses cited increased by 50% from 2,788 in 1984 to 4,197 in 1985. For the most part this increase is spread throughout the various categories of motor vehicle offenses. The major areas of increase were: speeding violations which increased by 51% from 1,408 in 1984 to 2,133 in 1985; miscellaneous violations increased by 100% from 963 in 1984 to 1,470 in 1985; and, unregistered and uninsured violations increased by 65% from 118 in 1984 to 195 during 1985. Although statewide statistics show a reduction in the number of arrest for operating under the influence, the department arrest have increased by 17% from 134 arrest in 1984 to 157 in 1985.

Arrest for crimes other than motor vehicle increased by 43% from 552 arrest in 1984 to 789 in 1985. The major areas of increase were: arrest for liquor law violations increased by 286% from 63 in 1984 to 243 in 1985; and, disorderly conduct arrest increased by 72% from 87 in 1984 to 150 during 1985. These increases and the increases in the motor vehicle law enforcement reflects the increased emphasis which the community and the police department have placed upon the enforcement of alcohol and drug related offenses. Due to the seriousness of these problems, the police department will continue our increased enforcement efforts in these areas.

The department makes note of some personnel changes during 1985. Patrolman John "Leo" Markey retired from the police department after serving 34 years as a police officer for the Town of Wilmington. He will be missed greatly by the members of the department and the community as a whole. Leo, we all wish you health and happiness in your retirement. Officers Thomas A. Miller and Robert V. Richter were newly appointed to the department.

In closing this report I want to thank the Town Manager, the Board of Selectmen, all other boards and committee's, department heads and their workers for their support and cooperation during 1985. A special note of thanks to the staff and members of the Wilmington Police Department for without their support and continuing efforts none of our accomplishments could have been realized.

Planning Board

For the five volunteer members of the Planning Board, 1985 has been an extremely busy year. It was with regret, the Board accepted Ronald Coutu's resignation from the Board in August, leaving one vacancy for the remainder of the year.

The Planning Coordinator continued to assist the general public Monday through Friday, and the Planning Board continued to meet weekly on Tuesday evenings in the Planning Board office, Room 6 at the Town Hall.

SUBDIVISION CONTROL:

Consuming most of the Board's time was the review of the following subdivision plans:

Sixty-three plans believed not to require approval were submitted; the Planning Board found that 56 plans did not require approval under the Subdivision Control law and therefore were endorsed; one plan was found to require approval and therefore was denied for cause; two plans were withdrawn without prejudice; and 4 plans the board chose not to take any action on.

The Board collected a total of \$24,889.56 in filing fees from the submission of the following subdivisions during 1985, these fees were turned over to the General Fund Account:

- . Great Neck Drive Definitive Plan - final fee on a 7 lot subdivision completed in 1985.
- . Ox Pasture Definitive Plan - fee for submission of the definitive plan showing 18 lots which said plan was disapproved by the Board.
- . Quarry Hill Definitive - final fee on the submission and approval of the definitive plan for 7 lots.
- . Oakland Park Definitive Plan - final fee on the approval of the definitive plan for 7 lots.
- . Wilmington Technology Park - fee for the submission of the definitive plan and subsequent approval of an Industrial park consisting of 82 acres.
- . Tomahawk Drive Definitive Plan - final fee on the submission and approval of the definitive plan for 10 lots.
- . Sidelinker Farm Definitive Plan - final fee on the submission and approval of the definitive plan for 6 lots.
- . Broad Street Definitive Plan - fee for the submission of the 11 lot subdivision approved with conditions by the Planning Board.
- . Apache Way Definitive Plan - fee for the submission of the 29 lot subdivision approved with conditions by the Planning Board.
- . Fox Run Drive Definitive Plan - fee for the submission of the 13 lot subdivision approved with conditions by the Planning Board.
- . Garden of Eden Preliminary & Definitive Plan - fee for the submission of a proposed 25 lot subdivision decision pending.
- . Charles Place Preliminary Plan - fee for the submission of a proposed 52 lot subdivision.
- . Chestnut Estates Preliminary Plan - fee for the submission of a 17 lot subdivision.
- . Bedell Estates Definitive Plan - fee for the submission of a 27 lot subdivision, decision pending.

ZONING:

In accordance with Mass. G.L. c. 40A, the Planning Board held required statutory public hearings on proposed amendments to the Zoning By-Law and Map and submitted formal reports and recommendations to Town Meeting voters as follows:

<u>Town Meeting Date</u>	<u>Article</u>	<u>Proposed Zoning Amendment</u>	<u>Planning Board Recommendations</u>	<u>Town Meeting Action</u>
03-18-85 - Annual	3	Rezone from R20 to PRD 63.5 acres off Board Stree	Approval	Not Voted
03-18-85 - Special	4	Amend Section 3.5.16 (Vehicular Dealership)	Approval	Passed Over
03-18-85 - Special	6	Rezone from R20 to IP 20.94A off Route 62	Disapproval	Not Voted
03-18-85 - Special	7	Rezone from NB & R10 to R60 off Main Street	Approval	So Voted
04-27-85 - Annual	22	Amend Section 1.3.7 (Def. Floor Area)	Approval	So Voted
04-27-85 - Annual	23	Amend Section 6.3.2.1 (Off-Premises Signs)	Approval	So Voted
04-27-85 - Annual	36	Amend Section 7 (Delete PRD)	Disapproval	Not Voted
04-27-85 - Annual	37	Rezone from R20 to GI West Street	Disapproval	Withdrawn
04-27-85 - Annual	38	Rezone from R20 to PRD 53A Burlington Ave.	Disapproval	Not Voted
12-02-85 - Special	7	Rezone from R20 to GI West Street	Approval	Not Voted
12-02-85 - Special	8	Rezone from R20 to R60 Burlington Avenue)	Disapproval	So Voted

PARKING SITE PLAN REVIEW:

The Board reviewed 22 applications for Site Plan Review referred to the Board by the Town Engineer.

SPECIAL STUDIES

With little spare time on its hands, the Board progressed slowly on its review on finalizing the Draft of the Amended Rules and Regulations Governing the Subdivision of Land in the Town of Wilmington.

The Board wishes to extend their thanks to its advisor, Robert L. Higgins, Town Engineer and Sandra L. Murphy, Coordinator, for their assistance throughout the year.

Department of Public Works

In accordance with the By-laws of the Town of Wilmington, I hereby respectfully submit the Annual Report on the activities of the Department of Public Works for the year 1985.

We now have five divisions in the Department of Public Works: Highway, Tree, Cemetery, Parks & Grounds and Rubbish Collection/Disposal. The consolidation of the duties and responsibilities of these divisions under one Superintendent has allowed the Department of Public Works the ability to handle the peak work loads of each division with maximum efficiency. The unified planning has allowed the optimum use of equipment and manpower among the units.

HIGHWAY DIVISION

All maintenance work was carried out during the year such as sweeping streets, replacing broken curbing, painting and replacing guardrails, cleaning catch basins, patching streets, making and installing street and warning signs, cutting brush along our roadsides, grading back roads, etc.

Drainage

Drainage systems were installed, repaired or extended on the following streets: Hobson Avenue, Cross Street at Lowell Street, Harris Street, Wabash Road, Chestnut Street, Federal Street, Catherine Avenue, Aldrich Road and the cement box culvert near Dunkin Donuts.

Chapter 90 Construction

Began removing trees for the reconstruction of Aldrich Road.

Chapter 90 Maintenance and Hot Top Program

The following roads were upgraded with bituminous concrete: Park Street, Adams Street, Corey Avenue, Grand Street, Federal Street and King Street.

Snow and Ice Removal

Snow & Ice is a very expensive and major function of the Department of Public Works. We had 34 1/4" of snow for the year.

Hurricane Gloria hit on September 27, 1985, and caused a lot of tree damage throughout the town. The Department of Public Works responded to the big cleanup job by collecting and disposing of over 1,200 truck loads of debris. Due to the hurricane, all other department projects had to be placed on hold for approximately one month until the cleanup was finished.

A ramp was constructed at the Police Station to make the building accessible to everyone.

TREE DIVISION

The Tree Division carried out all regular maintenance work such as trimming, cutting, spraying and removing trees. We had to remove 62 roadside trees that were dead or interfered with public safety. Hornet nests were removed upon request. The Town Common was illuminated again this year with a fine display of Christmas lights.

In memory of Thomas O. Sullivan, Tree Warden and Assistant Superintendent of Public Works, the Fourth of July Committee donated trees that were planted on the Town Common.

Dutch Elm Disease

Samples from Elm trees, believed to be diseased, were sent to the University of Massachusetts, Amherst, MA. Those trees found to be diseased were removed.

Mosquito Control

Mosquito control was done between the hours of 8:00 p.m. and 12 midnight with U.L.V. Generator. Larvicide was administered to all trapped water holes.

Insect Pest Control

Spraying was done to try to control Gypsy Moth, Elm Leaf Beetles, Ticks, Japanese Beetles, and Eastern Tent Caterpillars. Spraying was also done to control the spread of poison ivy.

CEMETERY DIVISION

All regular maintenance was carried out throughout the year, such as mowing grass, winter graves were loamed and seeded, weeding, trimming and foundations were installed for monuments, etc.

Cemetery employees helped reset monuments, throughout the cemetery, that were tipped over by vandals.

Burials

Died in Wilmington	24
Died elsewhere	60
Non-residents	44
Cremations	6
	<u>134</u>

Receipts

Interments	\$15,697.00
Foundations for monuments	3,203.34
Affidavits	10.00
Deeds	68.00
Copy of deeds	4.00
	<u>\$18,982.34</u>

Reserve

Sale of Lots	\$19,869.00
--------------	-------------

Trust Fund

Perpetual Care	\$16,925.00
----------------	-------------

TOTAL: \$55,776.34

PARKS AND GROUNDS DIVISIONS

All regular maintenance was carried out throughout the year such as cutting grass, trimming shrubs, marking ballfields for baseball, softball, field hockey and soccer, etc.

The following are some of the highlights:

1. Woburn Street School - reconstructed another baseball field.
2. Installed new player benches at the following locations: Town Park, Glen Road and Woburn Street School ballfields.
3. Installed new gates at the Shawsheen School for the safety of the children.
4. Hot topped the parking lots at the Shawsheen School, Town Hall, Wildwood School (front parking lot and driveway), Swain School, for the High School parking, and the Police Station.
5. Relocated and repaired the playground equipment at the Town Hall from the front of the building to the play area near the ballfields.

A new Vietnam Veterans Park was dedicated in memory of John Allan Ricn. The park was constructed on land donated by Avco.

RUBBISH COLLECTION AND DISPOSAL

The contract for rubbish collection and disposal is now a function of the Department of Public Works. If taxpayers have any questions or complaints, please call 658-4481.

In concluding my report, I would like to take this opportunity to thank the Police Department for keeping us informed during the winter months of the road conditions between the hours of 3:00 p.m. and 6:30 a.m., weekdays, weekends and holidays; the Water Department for their help during snow storms, and all the various departments for the cooperation extended during the year. I would also like to thank the Town Manager and the Board of Selectmen for their support throughout the year. Last, but not least, the employees of the Department of Public Works who made 1985 a very productive year, my sincere thanks and appreciation.

Board of Health

Mr. Ernest F. Romano, Director of Public Health, retired July 1, 1985 after twenty-three years of service to the Town.

On October 1, 1985, Mr. Gregory Erickson, Registered Sanitarian, Certified Health Officer, assumed the duties of the Director of Public Health.

At the Board of Health meeting of May 7, 1985, Dr. James Ficociello was elected Chairman.

The Public Health Nurse, Abbie Radley, passed the exam for Certified Health Nurse.

On October 1st, new regulations for food establishments became effective. A seminar for local food handlers was held at the Town Hall to acquaint them with the new regulations.

On November 11, 1985, hydrogen chloride gas was spilled to the atmosphere from Olin Chemical Company causing the Town to respond with an evacuation on that area. Shelter was provided in the Wildwood School.

A. Communicable Disease Control:

1. <u>Immunizations</u>	
Office visits	82
2. <u>Communicable Disease Reported</u>	51
Home visits	11
3. <u>Tuberculosis Report</u>	
Office visits	116
Home visits	3

B. Public Health Nursing:

1. <u>Premature births reported</u>	2
Home visits	2
2. <u>Morbidity</u>	
V.N.A. calls	323
Office visits	134
3. <u>Newborn Infants</u>	
Home visits	6
4. <u>General Health Supervision</u>	
Home visits	417
5. <u>Hypertension Screening</u>	
Office visits	204
Attendance at monthly clinic	50
6. <u>Diabetic Screening</u>	
Office visits	11
Attendance at monthly clinic	14
Fees collected	\$23.00

7. <u>Senior Citizen Counseling at Drop-In-Center</u>	
Number of sessions	40
Attendance	388
Diabetic Screening	65
Fees collected	\$74.00
8. <u>Lead Paint Test</u>	
Number tested	8
9. <u>Flu and Pneumonia Clinic</u>	
The town-wide Flu Clinic was held on Sunday, September 22. The total number of flu shots given was 668 including town-wide clinic, senior citizen center clinics, industry, home visits, town employees, office visits, and school employees. Pneumonia shots totaled 28.	

C. Environmental Health:

1. <u>Licenses and Permits</u>	
Sewerage	172
Food	54

Dogs immunized	197
Fees collected	\$788.00

Town Counsel

In accordance with the requirements of the Town By-Law, I submit herewith my report as Town Counsel covering the year 1985.

(a) On January 1, 1985, there were pending the following actions by or against the Town (exclusive of actions in which the Town was merely summoned as trustee, and in which it had no interest, and of tax lien foreclosure proceedings in the Land Court and petitions for abatement before the Appellate Tax Board*).

Beatrice G. Swenson v. Town of Wilmington, et al, Middlesex Superior Court (petition for assessment of damages for land taking)

Harvey Lobdell v. Board of Appeals, Middlesex Superior Court (petition in equity for appeal for variance by zoning by-laws)

Androniki Gaglione v. Thomas B. Brennan, et al, Middlesex Superior Court (petition for assessment of damages)

Joseph Scaro, et al v. County of Middlesex, et al, Middlesex Superior Court (petition for assessment of damages for land taking)

John E. Hayward, et al v. County of Middlesex, et als, Middlesex Superior Court (petition for assessment of damages for land taking)

John E. Hayward, et al v. County of Middlesex, et als, Middlesex Superior Court (petition for assessment of damages for land taking)

Robert Stevens, Tr. v. Town of Wilmington and Planning Board, Land Court (petition for registration and claim to Swain Court-private way)

Sanborn Brothers, Inc. v. Town of Wilmington, District Court of Lowell (action for property damage-negligence)

George Anderson, et al v. Town of Wilmington, et al, Fourth District Court of Eastern Middlesex (claim for personal injury)

School Teacher v. Wilmington School Committee, Equal Employment Opportunity Commission (complaint of discrimination as to benefits)

John J. Lyons, et al v. Town of Wilmington, Land Court (complaint to determine validity and extent of the zoning by-laws of the Town of Wilmington)

Frances Dec v. Town of Wilmington, et al, Massachusetts Commission Against Discrimination (complaint alleging sex discrimination)

Dorothy A. Cosman v. Town of Wilmington, Middlesex Superior Court (claim for personal injury)

Fosters Pond Improvement Association, Inc., et als v. Aldo Caira, et als, Middlesex Superior Court (action in the nature of certiorari for decision of Board of Selectmen granting earth removal permit)

Ruth J. Gronemeyer, Exec. v. George R. Allen, et al, Middlesex Superior Court (complaint for assessment of damages)

James Rooney v. Sterling C. Morris, et als, Municipal Court of the City of Boston (appeal from decision of Civil Service Commission sustaining appointing authority)

George Donovan, et al v. Bruce MacDonald, et als, Middlesex Superior Court (appeal from the decision of the Board of Appeals denying variance to construct a single family dwelling)

George Vinal, Inc. v. Town of Wilmington, et al, Middlesex Superior Court (action for quantum meruit to recover fair and reasonable value of services provided to Jewell Mfg. Company, Inc. for subdivision road and utilities and/or to reach and apply monies held by the Town of Wilmington)

Pacella Bros., Inc. v. Town of Wilmington Water and Sewer Commissioners, American Arbitration Association (demand for arbitration on sewer construction project)

Town of Wilmington v. AFSQME, Council 93, Middlesex Superior Court (complaint for declaratory judgment to determine rights)

A. John Imbinbo, et als v. Bruce MacDonald, et als, Middlesex Superior Court (appeal from the decision of the Board of Appeals)

Jeanette Iverson, et al v. Town of Wilmington, et al, Middlesex Superior Court (claim for personal injury and consequential damages)

Paul J. Lynch v. Board of Selectmen of the Town of Wilmington, et als, Middlesex Superior Court (complaint for declaratory judgment)

Town of Wilmington v. Robert Corey, a/k/a, et al, Middlesex Superior Court (complaint alleging violation of Town Zoning By-Law and Inland Wetland Act)

Robert E. Vassallo v. Sterling C. Morris, et als, Suffolk Superior Court (action for review of decision of appointing authority and personnel administrator concerning appointment of sergeant)

Dianna Holmes, et al v. Town of Wilmington, Massachusetts Commission Against Discrimination (complaint for discrimination in violation of Chapter 151B)

Massachusetts Commission Against Discrimination v. Town of Wilmington, Suffolk Superior Court (complaint for enforcement of subpoena)

Massachusetts Commission Against Discrimination v. Town of Wilmington, Suffolk Superior Court (complaint for enforcement of subpoena)

Dennis P. Rooney v. Reginald S. Stapczynski, Middlesex Superior Court (claim for total disability and medical reimbursement)

AFSQME, Council 93, AFL-CIO v. Town of Wilmington, Board of Conciliation and Arbitration (petition for mediation and fact finding)

Pitt Construction Corporation v. Town of Wilmington, American Arbitration Association (demand for arbitration-restrained by order of the Middlesex Superior Court)

Pitt Construction Corporation v. Town of Wilmington, Middlesex Superior Court (claim for extras)

M & P Pipejacking Corp. v. Town of Wilmington, et al, Middlesex Superior Court (complaint in equity restraining the Town from paying Pitt for monies alleged to be due on Contract #6)

Clarence T. Bryant, et al v. Town of Wilmington, et al, Fourth District Court of Eastern Middlesex (claim for personal injury)

Sherwood Oil Co., Inc., et al v. Board of Appeals, Middlesex Superior Court (appeal from decision of the Board of Appeals)

Ernest Guigli & Sons, Inc. v. Marteg Building Company, Inc., et al, Norfolk Superior Court (claim for money owed for the construction of Jewell Drive)

Alexander Athanassiou, et al v. Bruce MacDonald, et al, Middlesex Superior Court (appeal from the decision of the Board of Appeals)

Dorothy L. Peters v. Linda T. McMenimen, et al, Appeals Court (appeal of issuance of temporary injunction by Middlesex Superior Court)

Ruth E. Marranzini, et al v. Bruce Macdonald, et al, Middlesex Superior Court (appeal from the decision of the Board of Appeals)

Stanley M. Lewis, Trustee v. Town of Wilmington, Middlesex Superior Court (complaint for assessment of damages for land taking)

Linda T. McMenimen, et al v. Dorothy L. Peters, State Appeals Court (appeal from decision of Superior Court allowing summary judgment for plaintiff)

Wilmington Town Employees Association v. Town of Wilmington, Labor Relations Commission (claim for grievance)

Wilmington Town Employees Association v. Town of Wilmington, Labor Relations Commission (claim for grievance)

Frances Dec v. Town of Wilmington, Equal Employment Opportunity Commission (claim for sex discrimination)

Wilmington Town Employees Association v. Town of Wilmington, Labor Relations Commission (claim for grievance)

Wilmington Town Employees Association v. Town of Wilmington, Labor Relations Commission (claim for grievance)

Kenneth H. Walkling, et al v. Town of Wilmington, et al, Middlesex Superior Court (claim for personal injury)

Valentina G. Pereira v. Wilmington Planning Board, Middlesex Superior Court (appeal from decision of Planning Board for failure to endorse a plan)

Town of Wilmington v. John M. Pierce, et al, Fourth District Court of Eastern Middlesex (claim for property damage)

Town of Wilmington v. Wilmington Employees Association, Labor Relations Commission (charge for prohibited practice)

*There are pending as of January 1, 1986, forty-three separate petitions for abatements before the Appellate Tax Board, many involving claims for several different years.

(b)(1) During the year 1985, the following new actions were brought against the Town of Wilmington or its officers or agents:

Deloury Construction co., Inc. v. Loenco, Inc., et al, Middlesex Superior Court (claim for equitable attachment)

William Baldwin, ppa, et al v. Town of Wilmington, Middlesex Superior Court (claim for personal injury)

Cabot Construction Co., Inc. v. Board of Water and Sewer Commissioners, Middlesex Superior Court (claim for money owed)

Jean Beninati v. town of Wilmington, Middlesex Superior court (claim for breach of contract)

James Tighe v. Charles P. Lawrenson, Middlesex Superior Court (claim for violation of civil rights and for mandamus to require the Building Inspector to issue a building permit)

Steven Parsons v. Town of Wilmington, American Arbitration Association (claim for grievance)

Ralph Fiore Bus Service, Inc. v. Town of Wilmington, et al, Middlesex Superior Court (complaint under Mass. Antitrust Act, G.L.c.93)

Commonwealth v. Town of Wilmington, District Court of Lowell (alleged violation of Hazardous Substance Law)

AFSOME, Council 93, AFL-CIO v. Town of Wilmington (Public Buildings Dept.), American Arbitration Association (claim for grievance)

IBFO, Local 318 v. Town of Wilmington, American Arbitration Association (claim for grievance)

Arthur E. Pierce v. Wilmington Water Department, Massachusetts Commission Against Discrimination (claim of discrimination)

(b) (2) During the year 1985, the following new actions were brought by or on behalf of the Town:

Town of Wilmington v. Alice Papaliolios, Middlesex Superior Court (violation of G.L.c.140, s.136A, operating a kennel)

Town of Wilmington v. Weston & Sampson, et al, Suffolk Superior Court (claim by insurer for reimbursement of insurance loss)

Town of Wilmington v. Raymond D. Bicknell, Fourth district Court of Eastern Middlesex (claim for property damages)

Town of Wilmington v. Reading Municipal Light Department, Department of Public Utilities (petition for investigation of rates of the RMLD)

(c) During the year 1985, the following actions by or against the Town were disposed of:

Stanley M. Lewis, Trustee v. Town of Wilmington, Middlesex Superior Court (disposed of by stipulation of dismissal)

Wilmington Town Employees Association v. Town of Wilmington, Labor Relations Commission (disposed of by dismissal)

Deloury Construction Co., Inc. v. Loenco, Inc., et al, Middlesex Superior Court (disposed of by stipulation of dismissal with prejudice)

Valentina G. Pereira v. Wilmington Planning Board, Middlesex Superior court (disposed of by stipulation for dismissal, with prejudice)

Wilmington Town Employees Association v. Town of Wilmington, Labor Relations Commission (disposed of by dismissal)

Wilmington Town Employees Association v. Town of Wilmington, Labor Relations Commission (disposed of by hearing officer's decision sustaining Town's appointment of confidential employees and requiring posting of notice)

Town of Wilmington v. Wilmington Town Employees Association, Labor Relations Commission (disposed of after Town withdrew petition)

Town of Wilmington v. John M. Pierce, et al, Fourth District Court of Eastern Middlesex (disposed of by settlement and payment to Town of \$5000 property damage)

Alexander Athanassiou, et al v. Bruce Macdonald, et al, Middlesex Superior Court (disposed of by agreement and stipulation for judgment)

Ernest Guigli & Sons, Inc. v. Marteg Building Company, Inc., Norfolk Superior Court (funds on deposit for Planning Board security deposited with clerk of the Norfolk Superior Court per order of the Court)

Library Trustees

The Annual Town Meeting, April 1985, voted the funds necessary to allow the Town to join the Merrimack Valley Library Consortium. The Board of Trustees wishes to thank the people of the Town for their vote of confidence. Be assured that this Board does not take its responsibility lightly. We are in close contact with the Library staff and the tremendous progress being made in bringing this project to completion.

Library Director

At the Annual Town Meeting, held on Saturday, April 27, 1985, Article 26 was passed which permitted the Town to join the Merrimack Valley Library Consortium. In keeping with major trends in Massachusetts, the library has joined with fourteen other libraries to share patron access. Andover is the computer center with Chelmsford, Dracut, Hamilton, Haverhill, Lawrence, Lowell, Methuen, North Andover, North Reading, Tewksbury, Wenham, Westford and Billerica participating members.

Three years of planning were involved in this major project. Christina Stewart and Christine Dehoff provided essential detail on several occasions, and have been hired as project supervisors on a part-time basis. The graphics and artwork of Susan MacDonald dramatically presented the proposal. A phased-in approach has been adopted, and four clerks have been hired part-time to do barcoding and data entry. Barcoding began in August and data entry began in October. It is a pleasure to report that the monthly objectives are being met, and the goal of going "on line" by the early summer of 1987 should be realized.

The closer links with the Consortium, especially since the installation of the computer terminals, is seen in the rapid rise in interlibrary loans. Computer searches of M.V.L.C. holdings are now possible, providing prompt location and reservation of available books. Generally, service time in loans has improved, and interlibrary loans have increased by 51%.

The library did not experience any changes in full-time staff during 1985. The regular staff and the M.V.L.C. people demonstrated a willingness to accept change and to work cooperatively. Their efficiency and enthusiasm are recognized and greatly appreciated.

Orientation visits by high school students focused on bibliographic instruction and term paper organization. Seven hundred and fifty children ages 3 to 15 participated in the "Fantastic Summer" reading program. The program was the fourth cooperative summer project with the school system. The volunteer efforts of Jean Irving, Roberta Marino, Peggy Marrano, Helena Minton and Deborah Savage in the work of the Children's Department was much appreciated.

The library expanded its shelving capacity; acquired a reader printer; had various displays of popular books; gave out free materials on drug abuse; distributed tax forms; conducted story hours; and, in general conducted its business without fanfare.

Funds from the Fourth District Court of Eastern Middlesex again provided additional funds for career materials thanks to the good offices of Chief Bobby Stewart of Wilmington Police Department. The Kiwanis Club, thanks to John Harvey, contributed funds for materials for the visually impaired. A Teletype-writer for the Deaf was provided by the Wilmington Community Fund, Inc. Friends of Ruth Kenson, Timothy Kane, and John Brooks donated to the Library's Memorial Fund. Significant donations continued to be received from the family of Richard V. Barry.

1985 saw the Town's library join the Merrimack Valley Library Consortium. The year ahead will be spent pursuing the goal of getting "on line" by the early summer of 1987.

Library Statistics for 1985

Receipts transferred to Town Treasurer		\$2,019.49

Recreation Department

The Wilmington Recreation Department continued in 1985 to make life a bit more "FUN" for the people of Wilmington.

Although our department is relatively small, with only one full-time employee, it represents the second largest industry in the nation. In fact, Americans spend about 12 percent of their personal income on recreation.

The Recreation Commission and Director keep in mind the following departmental objectives as they plan and conduct recreation programs throughout the year:

- To provide opportunities for self expression.
- To develop a sense of personal worth.
- To provide activities that allow for personal achievement and accomplishment.
- To provide activities that are fun and enjoyable.
- To provide physical activities which are new and different, offering a certain amount of challenge to participants.
- To teach skills in various activities that will have carry-over value in later life.
- To provide a healthful and diversified program of recreation activities in an attempt to meet the needs and interests of the people being served.

Our total funding comes from a variety of sources. User fees and donations heavily supplement the town funded budget which was decimated by the effects of Prop. 2 1/2 a few years ago. Volunteers still play a key role in providing two dollars worth of service for every dollar spent. We receive much help from local clubs and organizations. Some of these invaluable contributors are: Rotary, Kiwanis Club, Lions Club, Police Association, Town Employees Association, Arts Council, Woburn Street PAC, Sons of Italy, Elks, Camp 40 Acres, Special Needs PAC, Custodial Union, Chamber of Commerce and Knights of Columbus. Coupled with the support we get from the above is the assistance given from such civic minded businesses as: Sweetheart Plastics, Ski Haus, Elia's, Compugraphic, Massbank for Savings, Charles River, F & R Auto Supply, Aamco Transmissions, Rocco's, Dunkin Donuts, Town Crier, McDonalds, Pepsi Cola, Realty World, Analog, Koch Membrane, Polaroid and Silver Lake Pharmacy.

The Recreation Department is involved, in varying degrees, with many recreation oriented projects and groups. In this nature we serve as a quasi-consulting agency.

We also loan equipment to groups of all types for various functions.

Our basic programs are: Santa's Workshop, Horribles Parade, Special Kids Christmas Party, Christmas Shopping in New York City, an overnight trip to New York City, Basketball League, Basketball Clinics, Rotary/Rec Shoot-Out, Mens' Basketball, Mens' Gym, Swimming Lessons, Swim-A-Cross, CPR, First Aid, Ski Trips, Ski Lessons, Punt Pass & Kick Contest, Baton, Gymnastics, Ladies Fitness, Cinema Discounts, Florida Discounts, other commercial recreation enterprise discount coupons, Sesame Street Live at the Boston Garden, Basketball Hall of Fame trip, Flag Football, Special Needs Gym Program, Boat Cruise to Provincetown, T-Ball, Break-dancing, Partnership in Health (with the Regional Health Center), much preparation for a group trip to Disney World, Easter Egg Hunts, Wild Turkey Race for the Community Fund, Circus Trip to Boston Garden, Bruins Tickets, Fall Foliage Trip to Fryeberg Fair in Maine, Discount Shopping Spree to Freeport, Maine, Playground, Tiny Tots, Special Needs Day Camp, Public Beach Supervision, Canoe Rental, Craine's Beach Day, Teen Trips to Hampton Beach, Tennis Lessons, Concerts on the Common, Red Sox Trips, Sport Clinics, Fishing Derby, Self Defense, Memorial Races, Co-ed Volleyball, Disney on Ice Trip, Cross Country Ski Clinic.

Other groups that offer leisure type programs in Wilmington are: Little League, Pony League, Youth Hockey, Figure Skating Club, Mens' Softball, Square Dancing, Wilmington Wheelmen, Youth Soccer, Spotlighers, Tennis Club, July 4th Committee, Community Schools, Council on Aging, Council for the Arts, Scouts and the BMX Bike Club. Schools and churches round out the active recreation picture.

There is a severe lack of commercial recreation facilities in Wilmington such as bowling centers and movie theatres. The town also lacks youth serving agencies such as YMCA's, YWCA's, plus Boys and Girls Clubs. This void stresses the importance for town support of various leisure oriented programs.

Wilmington does have many fine natural water bodies where outdoor activities may be pursued. Silver Lake is our most important such asset offering a variety of aquatic sports from swimming, canoeing and sailing to skating and fishing in the winter months. The Town Park hill provides an excellent area for sledding during the long winter. The large number of conservation and water department lands provide an extremely healthful environment for man and animal alike. These protected properties allow for passive recreation such as nature study or bird watching.

Camp 40 Acres is used by various youth and scouting groups and is a semi-private wooded facility. The Town Forest, Town Park, Common with Gazebo, School Playgrounds and an abundance of tennis courts - many with lights are available to all.

The outdoor recreation area at Glen Road, Town Hall has been turned over to the Recreation Commission. The Commission in turn quickly improved the facility through a generous donation by Rotary and the invaluable help of volunteers and the Department of Public Works. New and modern playground equipment was installed in 1985. School grounds also are being improved steadily throughout the Town. A memorial "play area" in memory of Jason Stephenson is being planned for within the Rotary Park confines.

The Recreation Director and Commission thank those many individuals and groups who help produce a final recreation product which is a model to many surrounding communities.

Veterans' Agent

Veterans' Services is governed by the General Laws of Massachusetts, Chapter 115 as amended with strict compliance to this Chapter, the rules and policies of which govern the disbursement of aid.

Benefits are for the needy veteran and his immediate family who have been subject to unforeseen needs. Final approval of benefits comes from the Commissioner of Veterans' Services, Boston, MA.

The balance of the first six months of 1985 from previous appropriation was \$721.27, total available funds beginning July 1, 1985 was \$13,000, total expended for aid to veterans and their families for the entire year was \$10,316.83.

This department deals continuously with new and changing benefits and/or laws pertaining to Social Security, V.A. Disabilities, pension, compensations and G.I. Education or on the job training; plus, aiding applicants for S.S.I., unemployment due to strikes, shut downs and lack of work always has an impact on expenditures. Case load varies from time to time.

The appropriation for 1985 and six months of 1986 was \$13,000 as voted at the Annual Town Meeting, a balance of \$10,439.43 forwarded for the first six months of 1986.

Council on Aging

The year 1985 was a very difficult yet rewarding year for the Council on Aging. Reaching our goal of renovating the Buzzell School into a Senior Citizen Center and meeting the needs of the elderly was accomplished through the work of the Council on Aging.

Federal statistics reveal the American workers are leaving the work force for early retirement at an alarming rate. The council was very much aware of this, as many young seniors looked to the Center for assistance or social involvement through programs. This increase made the renovation project a must for 1985.

All programs and services are implemented and organized by the coordinator. They are oriented to help the elderly person maintain their independence by remaining mentally and physically healthy. Programs available to the elderly are: therapeutic exercise, health clinics, hot lunch, transportation, dance lessons, swimming classes, walking, bowling, golf, arts and crafts, bi-monthly whist parties, monthly whist parties, monthly therapeutic socials, legal services, fuel assistance, homemaking, visiting nurse, telephone reassurance calls, widowed-to-widowed, income tax, friendly visitors, medical supplies, house sitting (for peers attending a wake or funeral), surplus commodities distribution, holiday shut-in lunch program, donated clothes program, counseling, and newspaper informational column.

In the year 1985 - the minibus traveled 20,061 miles and transported 10,180 elders to medical appointments, hot lunch site and other elderly related travel, an increase of 1,528 miles and 1,457 transported; meals on wheels - 15,680 meals were delivered to shut ins, and 7,823 were served at the lunch site, an increase of 5,331 delivered and 3,277 served; peer support - 13,128 volunteer hours were donated to seniors in need of food and medicine, telephone reassurance calls, friendly visitors, widowed-to-widowed help, hospital and nursing visitors, transportation, Christmas distribution, packing 40,000 gifts for 10,000 low-income children for WRKO's Christmas distribution, an increase of 4,105 volunteer hours; Senior Center - 22,740 seniors visited the Center, seeking help, counseling and socialization involvement through activity programs, an increase of 2,333.

Funding received for programs and services was from the taxpayers and the following agencies:

- \$115,500 - Fuel Assistance Program (fuel, oil burner cleaned and repaired)
- 116,600 - Minuteman Homecare (homemakers, therapist, chore workers and daycare)
- 11,500 - Cambridge/Somerville Elder Legal Services (legal help)
- 14,107 - Department of Elder Affairs (grants used in the Buzzell renovation)
- 15,700 - Stoneham Visiting Nurse Association (in-home nursing care for illness)
- 9,750 - Mystic Valley Mental Health (treatment of mental conditions)

The Council on Aging is very grateful for the help received in meeting the needs of the elderly from: Mike Demoulas, Sweetheart Plastic Company, Diamond Crystal Salt Company, Woburn District Court, Yum Yum Shop, American Legion Post 136, Rotary and Kiwanis Clubs, Tewksbury/Wilmington Elks, Employee's of Compugraphic, Students of the High School and Wildwood School and Ron Wybert, Plate Escape.

A special thanks this year to all our benefactors who through their donations and help made the Wilmington Seniors dream of having their own Senior Center a reality in 1985: the taxpayers, Reginald S. Stapczynski, Town Manager, Roy P. McClanahan, Robert Palmer, Bobby N. Stewart, the Shawsheen Valley Technical High School, Hampshire Press, Carpenter's Union #41 & 595, Painter's Union #35, General Electric Company, Carpet World, Representative James Miceli who spent countless hours seeking thousands of dollars in donated labor and material, allowing the Council to reach our goal, and to all the private citizens and seniors who have given their support and money to complete the renovation project.

Conservation Commission

The Wilmington Conservation Commission meets the first and third Wednesday of every month at the Town Hall. In its 22nd year of service to the town the Conservation Commission's busy schedule included 25 regular meetings, 38 Wetland Protection Act hearings, and over 1,075 on-site inspections. Members have attended various conferences with the Department of Environmental Quality Engineering in Boston and Woburn and numerous on-site inspections with DEQE, Army Corp of Engineers and Massachusetts Environmental Protection Act officials. Much of the Commission's time is spent on Wetlands Protection Act hearings, consultations and on-site review with prospective applicants at their request, and as a means of explaining wetland considerations.

In order to encourage cooperation and maintain communication on projects of mutual concern, members attend many meetings of other boards. On a regional basis, participation and membership in a number of environmentally related organizations, such as, Massachusetts Association of Conservation Commissions, Environmental Lobby of Massachusetts, Conservation Law Foundation, Ipswich River Watershed, Mystic River Watershed, all provide valuable information and opportunities for exchange of ideas and sources of help, which enables the Commission to carry out its responsibilities more effectively.

The Wetlands Protection Act Regulations under Mass. G. L. Chapter 131, section 40, require increased responsibility on the applicants' engineer to present complete and accurate site designs to satisfy all criteria and calculations set forth. It is the Commission's responsibility to be technically aware in evaluating scientific evidence presented by an applicant in order to apply the legal presumptions set forth in the regulations. It is quite clear, both for the applicant and the Conservation Commission that improperly designed projects and projects that do not conform to the new regulations, will be "denied."

The Commission would like to thank Representative James Miceli for his successful endeavor in the transfer of 154 + acres of town-owned land, off Ballardvale Street, to the care and custody of the Conservation Commission this past year.

Residents may also donate land to the town, specifying its use for conservation and thus be assured that the land will remain in its natural state, thereby receiving certain tax benefits as a result of their gift.

The Commission wishes to acknowledge the addition of our newest member, Robert LaVita.

The Conservation Commission appreciates the continuing support and cooperation of the citizens of Wilmington, boards, town officials and employees in making our Commission a success.

Board of Appeals

<u>Applicant</u>	<u>Reason for Appeal</u>	<u>Decision</u>
Case 1-85 Kevin J. McMillan	To acquire a variance from standard dimensional regulations (Table II) authorizing the subdivision of a parcel of land into two nonconforming lots both having insufficient frontage and width for property located on Floradale Avenue.	Denied

Carter Lecture Fund

The Carter Lecture Fund Committee presented its 1985 program, "THE GREAT WORLD CRUISE OF THE QUEEN ELIZABETH 2." on May 21, 1985, with Mr. Doug Jones.

Mr. Jones, traveler and lecturer, has produced eight feature travel films, and his lecture season includes over two hundred appearances annually. He has appeared on virtually every major auditorium lecture series in the United States and Canada including the National Geographic Society series at Constitutional Hall in Washington D.C. The International Platform Association awarded him the "Film Lecturer of the Year Award" for his outstanding work in the field of travelogue production.

In the new 90-minute, feature-length travelogue, 24 ports of call are visited; and all, by way of the 67,000-ton, 13-story Queen Elizabeth 2 -- flagship of the Cunard Line and unquestionably the greatest ocean liner afloat. Some of the ports of call include such places as Barbados, Brazil, fabulous Rio, mysterious India, dazzling Singapore, exotic Bangkok, Hong Kong, Japan, Honolulu, Acapulco, Curacao, and the Panama Canal.

This film explores the people and places of the world, as well as behind-the-scenes of a great, majestic ship. The experience is as thrilling as the very world itself. It is the epitome of everyone's travel dreams.

Historical Commission

The Historical Commission is pleased to report that the Harnden Tavern had gutters and the two back porches replaced. Both the tavern and the carriage house have been painted.

Hardware on the inside doors was stripped to the shiny basic brass metal.

We regret that before the new tenants moved in, four windows and frames were vandalized. Puddle glass was hard to find but Jim Surette, Jr., the new tenant, did an excellent job in replacing them. He also made and stationed the metal carriage door trolley for an easy sliding door.

Leo Gittzus, Bernard McMahon and Robert Wright were appointed to the commission.

Friends of the Harnden Tavern held successful strawberry and Apple Festivals, and also a Christmas Social in December.

It is believed that original items of the tavern period are so expensive, it may be necessary to buy or accept good reproductions.

The tavern received a lantern formerly used at the North Wilmington Fire Department located at the Harriman Tannery, some interesting paintings, books, a fire screen, and kitchen items.

It has been voted that the tavern will now be opened from 2:00 p.m. to 4:00 p.m. in the afternoon on the first Sunday of each month of the year. The regular meeting of the Historical Commission is held at 7:30 p.m. the second Tuesday of the month at the Harnden Tavern. The public is invited.

Council for the Arts

During 1985 the activities of the Wilmington Council for the Arts were supported once again by \$5,000 in funds generated by the Massachusetts Arts Lottery Game "Megabucks". With Arts Lottery Grants made in two granting cycles each year the local Council is able to encourage and support many worthwhile Arts and Humanities projects.

Grants were awarded this year to the Silver Lake Spotlighters, now of Woburn, for their Youth Theatre Workshop, to Hammond Castle Museum in Gloucester and to the Merrimack Lyric Opera Company of Lowell.

The Council takes pride in sponsoring a variety of arts programs within the Town of Wilmington. The Performing and Fine Arts Department of Wilmington High School received funding for a theatrical production, for the purchase of a portable display case for ceramics and jewelry and for a set of choral risers.

For the North Intermediate School the Council partially funded a multi-disciplined production of "North Meets South" and "An Evening with LaTuna", a strolling minstrel group from Cadis, Spain.

The Reading based "Creative Arts for Kids" program implemented a pilot project at the Woburn Street School during the fall with partial funding and the blessing of the Arts Council, which still clings to the hope of creating a Centre for the Arts at the Old Town Hall. If such a venture could become a reality, then arts and music lessons and gallery space would become regularly available to artists of all ages in the community.

The Council itself received a grant with which it was able to bring a talented pair, "The Music Makers" of Ashburnham, to Wilmington in March for a program of unusual Irish folk-music. This was presented at the Memorial Library free of charge to an enthusiastic audience.

Several scholarships are made available each spring to Wilmington young people who have chosen to major in the Arts at an accredited art or music school or college. Receiving grants in 1985 were Stephanie Dionne and John Maguire.

On July 6th the Council sponsored its 5th Annual Art Exhibit and Crafts Fair on Wilmington Common under a canopy of yellow and white. Adding to everyone's pleasure was a superlative performance by the "Lancaster Brass Quintet". This talented group played a varied program of classical and popular musical favorites from the Gazebo. Ribbons for art-work in several categories were awarded after being judged by a panel of three professional artists from other towns. Two dozen craftspeople displayed their work for sale - a larger number than in any previous year.

The loss of our past Chairman and good friend, John D. Brooks, prompted the Council to take appropriate actions. Beginning in 1986 an award ribbon, "The John D. Brooks Memorial Award for Excellence in the Arts", will be presented to a Wilmington artist of exceptional talent at the Council's Annual Art Exhibition.

In mid-July the Council provided funds to help the Recreation Department bring a performance by the "Little Red Wagon/Caravan", a travelling theatre group from the University of New Hampshire, to the Glen Road Playground.

Twenty-six paintings by local artists were displayed in October at the opening of new offices for the Wilmington Family Counseling Services, Inc. at Presidential Park. The Open House - Art Exhibit was co-sponsored by the Arts Council and the Wilmington Womens Club.

Two new Council members, Evelyn Choate and Joanne Cuoco were appointed in December. Anyone interested in becoming a member of the Council and/or in helping with its many interesting on-going projects should contact the Town Manager, the Board of Selectmen or Arts Council. New members are always welcome.

Artists and arts oriented organizations in the Community are urged to avail themselves of Arts Lottery Grants assistance, a unique funding opportunity. Grant applications are available at Memorial Library and the Town Hall where they are submitted to the Arts Council for review each spring and fall.

Fourth of July Committee

1985 was the Fifth Anniversary of the week-long celebration commemorating the Fourth of July holidays appropriately named "Fun on the Fourth." The program was created upon request of the Wilmington residents, who expressed a desire for a program that would bring the town together for some good, old-fashioned activities with a holiday spirit. The success of the program is due to the countless hours of volunteer participation and community involvement. It's popularity has brought back former residents to be with their old friends.

Large numbers of participants became commonplace, as the Rotary Club, Sons of Italy, Knights of Columbus, Kiwanis, and Lions Clubs served their specialties to over 400 people on the common on their respective special nights. Breakfast was also popular, as an average of over 500 townsfolk enjoyed the offerings of the Minutemen, Knights of Columbus, or the newly-formed Marine Corp League.

Participation reached an all-time high when different town groups entered into the ten different co-ed athletic events to compete for small prizes and large enjoyment. New events this year included halfball or stickball, women's 2-mile walk, badminton, and croquet.

Concerts on the gazebo, arts/crafts tables, an art exhibit including chamber music, athletic games for the children, Little Red Wagon puppet show, nightly carnival, or just people watching filled activity schedules of our town family.

This year's highlight for those who watched the fireworks extravaganza from the Common was the concert by the Air Force Band, with its finale starting the fireworks display.

The Committee also takes pride in its involvement with the Council of Churches in providing the lighting of the Common at Christmastime and also sharing our Fourth of July facilities with over 20 different Wilmington organizations so they may conduct their meetings there free of cost.

We look forward to another big year in 1986 and invite all townspeople to add their input at one of our meetings at the fourth of July Headquarters on the first Wednesday of each month. Or, be with us when we kick off the year with our annual fundraising luncheon on the first Wednesday in June at the Knights of Columbus Hall.

Housing Authority

The year 1985 started with the appointment of the Wilmington Housing Authority's new Executive Director, Lillian Buckley, who joined the new housing efforts already being made by Board Chairman Kevin McMillan, Vice Chairman William Strob, Secretary Warren Newhouse, Treasurer Elaine Hachey, and Assistant Treasurer Dan Gillis.

During this time, architects were interviewed and hired for two new developments and also for two modernization programs. New elderly housing and family housing developments were pushed along successfully into the Schematic Design phase, which will be followed by the final planning and construction phase in mid 1986.

A Solar Energy grant of \$80,000 applied for and received in 1985, will be used for a passive solar heating system in the new elderly housing. A glass-enclosed gallery will enable tenants to move freely between units, protected from harsh weather.

Tighter tenant selection procedures and management policies are now in place as per site visits and guidelines set down by the Executive Office of Communities and Development. Close monitoring of operating costs plus aggressive pursuit of modernization funds has resulted in a major accomplishment for the Housing Authority in 1985 - the attainment of maximum operating reserves and a new capital reserve.

Aggressive pursuit of modernization funds also resulted in the replacement of broken underground pipes and installation of a totally new and more efficient hot water heating system. Designs for the new sewer line are complete, construction to start in mid 1986.

Permanent Building Committee

In accordance with the Town Meeting vote of authorization, the Permanent Building Committee had construction drawings prepared for the addition and renovation work at the High School. Bids were received on July 23, 1985 and the contract was awarded to Sciaba Construction Corporation of Readville, Massachusetts for \$5,116,050.00; this amount was within one percent of the architects estimate.

Work commenced at the site during late summer and by the end of the year the art and library addition was under roof and footings and foundations for the other additions were in place. The construction schedule for the project is as was stated during the 1984 Town Meeting presentation - available for student occupancy at the beginning of school in the Fall of 1986.

The Permanent Building Committee met twice a month during the past year to review the contractors requisitions, and construction schedule.

Water Department

PUMPING STATISTICS

WATER SUPPLY	1981	1982	1983	1984	1985
Maximum Gallons Per Day	4,218,000	4,450,000	4,326,500	4,228,700	4,193,300
Maximum Gallons Per Week	24,887,000	26,692,700	26,660,900	26,093,500	24,598,300
Maximum Gallons Per Month	100,441,000	101,011,700	104,475,400	100,396,500	101,415,100
Average Gallons Per Day	2,901,976	3,772,883	2,980,879	2,780,674	3,024,474
Average Gallons Per Month	88,268,441	92,488,167	90,668,408	84,578,825	91,994,400
Total Gallons Per Year	1,059,221,300	1,108,858,100	1,088,020,900	1,014,945,900	1,103,932,800
Annual Rainfall	42.82"	46.28"	57.33"	47.61"	36.38"

CONSUMPTION STATISTICS - GALLONS

Residential Use*	352,998,750	363,966,930	427,627,545	413,005,845	408,518,662
Percent of Total	43.0%	44.3%	49.5%	50.6%	46.1%
Industrial Use	466,973,085	456,183,090	435,669,405	402,034,245	477,200,640
Percent of Total	56.9%	55.6%	50.5%	49.3%	53.8%
Total Water Metered	819,971,835	820,150,020	863,296,950	815,040,090	885,719,302
Percent of Water Pumped**	77.4%	73.9%	79.3%	81%	80.2%

*Residential use includes small commercial users, that is, all water passing through 5/8" meters only.

**The difference between the water pumped and the water metered, 218,213,498 gallons in 1985, represents water used for flushing of water mains, for fires and other hydrant uses, and water lost due to breaks and leakage throughout the system.

The Water Treatment Plant supplied approximately 50% of the total water pumped.

WATER DISTRIBUTION SYSTEM

The following new mains were constructed during 1985:

<u>Street</u>	<u>Length</u>	<u>Size</u>	<u>Hydrants</u>
Ballardvale Street	2,080'	12"	5
Research Drive	740'	12"	1

WATER

The major activity was the initiation of the North Wilmington Water Treatment Plant. The Annual Town Meeting approved \$6.4 million dollars for the construction of a treatment facility for the Salem Street well, Barrows wellfield and the Brown's Crossing wellfield. The plant will be built on the site of the Barrows Pumping Station. The treatment process will be similar to the Butter's Row Treatment Plant. Design of the facility was started by Weston and Sampson, Engineers.

Due to a reduction in pumping capacity, it was necessary to clean and redevelop three wells.

Water was supplied to Tewksbury on an emergency basis for one month.

The Board was represented on a Regional Planning Group with Reading and North Reading. This group will be working jointly to protect the groundwater, which is so important to all three towns.

Arthur Smith worked with the Task Force that established new regulations regarding underground storage tanks designed to protect the groundwater.

SEWER

The procedure for establishing a monitoring system of industrial discharges to the sewer was initiated. This program will be implemented in 1986 and is designed to protect the sewer pipes from corrosive liquids that can destroy them. Because of the deterioration of a portion of the Eames Street sewer it was necessary to reconstruct the portion under the railroad. The work was financed by a court settlement against the alleged polluter.

The Board worked with the Wilmington Housing Authority on the design of the sewer on Cedar Street to service the expansion of the Housing for the Elderly on Deming Way.

The construction of the Ballardvale Street sewer began, financed by a consortium of firms in the area.

The Board held discussions with firms interested in extending the sewer on Woburn Street.

Our assessment from the Massachusetts Water Resources Authority (MDC) increased by 78%. Additional increases can be expected.

Metropolitan Area Planning Council

Wilmington is a member of the Metropolitan Area Planning Council (MAPC), comprising 101 communities in the metropolitan Boston area. The MAPC makes regional plans and policies, while also providing technical assistance to member communities. MAPC provided the following:

1. Development of regional plans, such as the Overall Economic Development Program and the Transportation Improvement Program, which were required to maintain eligibility for federal funds in these areas.
2. Provide zoning reviews and comments to assist communities in identifying and modifying development projects to minimize adverse impacts and to promote cost effectiveness.
3. Held several workshops covering economic development, water quality and local zoning issues and developed numerous publications which directly benefit the Town of Wilmington.

Redevelopment Authority

1985 saw no personnel changes on the Wilmington Redevelopment Authority with incumbent, C. Nicki Johnson, being re-appointed by Governor Michael S. Dukakis to a five-year term, Jay Donovan, Chairman; Carl Backman, Jr., Vice Chairman; C. Nicki Johnson, Secretary; Vaughn Surprenant, Treasurer; and Sidney Kaizer, Assistant Treasurer.

During the year, the final parcel of land was developed by Howland Development Company and office tenants were being identified for the building. The Redevelopment Authority transferred its "buffer zone" to the Conservation Commission via the Board of Selectmen. At the April Town Meeting, the Redevelopment Authority was authorized, by unanimous vote, to extend its authority to Routes 38 and 129 and the Town Center, so as to coordinate local activities in relation to the proposed Route 129 Traffic Improvements Project. Since the April meeting, the Redevelopment Authority has met with representatives of the Massachusetts Department of Public Works, local officials and persons affected by the proposed project.

At the end of 1985, there were seven businesses operating in Jewel Park employing a total of 539 people. Assessed value of the park is \$8,413,800, and the annual tax revenue to the Town of Wilmington totals \$179,200.

School Department

We are pleased to submit the Annual Report of the activities of the Wilmington Public Schools for the year 1985. A review of the year's activities brings out the following highlights:

Basic Skills Improvement Program

In the Spring of 1985 students in grades 3 and 6 were administered the Iowa Test of Basic Skills to assess their basic skills in reading, mathematics, and language arts, provide diagnostic information, and to identify students not achieving minimal competency levels. In grade 8 students were assessed in reading, mathematics and writing to insure that minimal competency levels were achieved. In grades 3, 5, and 7 a listening skills assessment was undertaken to identify students needing improvement in this area. Skills in capitalization, punctuation, grammar and usage were also tested in grades 3, 6, and 8 as part of the total testing program. Students not achieving minimal competency in one or all of the areas tested are provided with remediation programs until competency can be demonstrated.

Physical Education and Athletics

The Physical Education Department continued to serve all students (K-12) as well as providing an adaptive program for students with special needs. The program sponsors a physical education "Mile Club" to encourage physical fitness in grades 5 through 8.

The health program in grades 7 and 8, with the cooperation of the Science Department, emphasized the importance of drug-alcohol education.

The Physical Education Department cited several students for outstanding achievement in physical education:

Class of 1985	Denise Quinn	Greg Hooper
Class of 1986	Julie L'Esperance	Eric Torrell
Class of 1987	Shelia MacDonald	Charles Boudreau
Class of 1988	Michelle Carbone	Paul DiFronzo

ATHLETIC AWARDS - 1985: The following were the top athletic award winners at Wilmington High School in the Class of 1985:

Dr. Gerald Fagan Award - "To the outstanding athlete"

Kathy Robinson (Bentley College)
Dante Demarco (Norwich University)

Lawrence H. Cushing Award - "To the senior athlete demonstrating both scholarship and sportsmanship"

Kim Mytych (Salem State College)
William Woods (Merrimack College)

Harold "Ding" Driscoll Award - "To the senior with the most dedication to sports"

Janet Crowley (Bentley College)
Kenny McCowan

George Spanos Memorial Award - "For contributions and services to W.H.S. athletics"

Mr. Richard Woods

Top "10" Athletic Awards

<u>Rank</u>	<u>Name</u>	<u>College</u>	<u>Field of Interest</u>
2	James McFayden	Tufts University	Mechanical Engineering
3	Julie Richburg	Tufts University	Biology
4	Lauren Callahan	Assumption College	Undecided
6	Maria Alpers	Regis College	French
7	Michael Pittaro	University of Pennsylvania	Pre-Med
9	Pamela Davis	Northeastern University	Chemistry
10	Patricia Mottolo	Bentley College	Marketing

The 1985 Field Hockey team, coached by Jan Cassidy, and the Softball team, coached by Tom Mirisola, captured the Merrimack Valley Conference/League Championships.

Megan Connelly (Class of '82), a Senior at the University of Massachusetts, was named to the All-American Field Hockey First Team for the fourth consecutive year.

Mary McNaughton (Class of '83), a Sophomore at Holy Cross was named to the All-American Cross-Country Team for the third straight year.

Social Studies Department

In the area of Social Studies students have been involved in the following activities:

1. National History Day
2. Good Government Program - State House
3. Framingham State College Essay Contest
4. Court House Program
5. Letter writing to foreign pen pals
6. Petition drives
 - a. Toxic waste
 - b. Human Rights
7. Famine relief for Africa
8. AFL-CIO Scholarship Program
9. U.S. Senate Youth Exchange Program

Alternative Curriculum Program

Evaluation of the ACP demonstrated its success in students passing 23% more courses, failing 10% fewer courses, earning 91% increase in credits, and increasing their English grades by 40%.

Wilmington High School

Wilmington High School is proud to have two National Merit Scholarship finalists:

Chris Athanasia
Eric Ouelette

The mean of all Achievement Tests has increased seventeen points in one year, and thirty-one points in five years.

In conclusion, we would like to take this opportunity to extend our appreciation to the administrators, teachers, parents, and students who contributed their efforts to the Wilmington Public Schools during the 1985 school year. A special note of thanks to the many town departments that cooperated with the school system in 1985.

Shawsheen Valley Regional Vocational Technical School

The School Committee of the Shawsheen Valley Regional Vocational Technical High School district herewith presents its report for the calendar year 1985. The Shawsheen Valley District is presently comprised of five towns, which include Bedford, Billerica, Burlington, Tewksbury, and Wilmington.

The Regional Vocational School Committee consists of ten members, with each of the five towns in the district electing two members respectively, for a three year term. The only change to occur in the Committee ranks last year was the election of Kevin John Sowyrda of Wilmington. The entire membership of the Committee is as follows:

Bedford

Anthony R. Mazzone, Chairman
Joseph L. Rogers

Burlington

John P. Miller, Chairman
Francis McLaughlin

Wilmington

Kevin J. Sowyrda, Legislative Liaison
Laurence Juergens

Billerica

Kerneth L. Buffum, Secretary/Treasurer
Bernard Hoar

Tewksbury

J. Peter Downing, Vice Chairman
Richard E. Griffin

The operation of the school is in accordance with the established guidelines instituted by the Department of Education, Division of Occupational Education which requires that 50% of the student's time be spent in academic classrooms and the remainder in a shop area. In the academic area, students have an eight-period day without study periods, which enables them to equate their studies to that of the local high school.

Facility and Programs

The Regional Vocational Technical High School is housed in a modern building located in Billerica with 260,000 square feet which includes 21 skill training programs, 40 classrooms, a gymnasium, swimming pool, and athletic facilities for a number of different sports. Upon completion of an exploratory program during their freshman year, students choose a field of concentration in a particular vocational/technical area. They are as follows:

Air Conditioning & Refrigeration
Auto Body
Automotive
Business Technology
Carpentry
Chemical Laboratory Technician
Cosmetology
Culinary
Data Processing
Diesel and Heavy Equipment
Electrical

Electronics
Graphic Arts
Health Occupations
Machine Technology
Maintenance Mechanics
Masonry
Metal Fabrication and Welding
Plumbing and Heating
Technical Drafting
Technical Illustrating
and Commercial Art

Placement

11 Shawsheen Tech graduates wishing to enter employment upon graduation were placed in positions directly relating to their field of training. 1985 once again reflected our excellent placement record, whereby the reputation of the school has been enhanced by providing the type of vocational/technical training that both industry and business are expecting. The large number of diversified industry within the Route 128 area continues to act as a magnet for our placement program. We continue to experience a situation where there are not sufficient graduates to fill all the job vacancies.

Major Projects

The 1984-85 house building project was an eight-room garrison house constructed in Burlington. The 1985-86 project will be constructed in Tewksbury, and the owners have chosen a garrison type home. The most significant project of 1985 has been the renovation of the Buzzell School in Wilmington for use as the new Senior Citizen Center. Shawsheen Tech students from the areas of carpentry, plumbing, and electrical have contributed a tremendous amount of work to a project which is most worthwhile. The Committee estimates that the free labor provided by Shawsheen Tech students can be estimated at over \$30,000. We would, at this time, recognize the diligent efforts of our Technical Coordinator, Mr. Anthony Bazzinotti, and carpentry instructor, Henry Bergman, in relation to the Buzzell School Renovation Project.

Policy

The principal responsibility of the Committee is to foster the development of policies for the school. A major accomplishment in this area was the evaluation of Shawsheen Tech's disciplinary policies which culminated in the appointment of a full-time school disciplinarian. Mr. John Bowen, physical education lead teacher, has been appointed to this position, where his full-time responsibility shall be student discipline. Subsequently, the disciplinarian and the Committee have commenced an evaluation of the student handbook, in reference to alcohol and drug abuse policy, and curriculum. We have taken a very close look at the policies established at Wilmington High School in this area and will consider adopting many of those policies at Shawsheen Tech.

Enrollment Statistics

In accordance with the agreement between the five towns, the assessment of costs is based on the percentage of enrollment. The enrollment as of October 1, 1985 is as follows:

<u>Town</u>	<u>Number of Students</u>	<u>% of Enrollment</u>
Bedford	56	3.8%
Billerica	604	38.8%
Burlington	186	11.9%
Tewksbury	439	28.2%
Wilmington	273	17.5%

Total Enrollment as of 10/1/85 is 1,558.

Special Needs

The purpose of the Special Education Program is to afford each student an opportunity to achieve maximal independence. This objective is addressed through the preparation of each student for profitable employment in a vocational or technical career. The goal of economic self-sufficiency is recognized as the vital objective for the Special Needs student at Shawsheen Tech. The program seeks to provide each special needs student with a well-structured, vocational-skilled program designed to develop the necessary skills required in the competitive labor market. The following services are available for students with special needs: Resource Rooms for students with mild special needs, Learning Resource Center for students with specific learning disabilities, individual Vocational Educational Program for students with moderate special needs, and Speech and Language therapy. The special needs population at Shawsheen Tech by district towns is: Billerica-96, Bedford-35, Burlington-74, Tewksbury-52, and Wilmington-52 for a total of 303 special needs students.

Accreditation

Since January of 1985 the staff at Shawsheen Tech has been involved in self-evaluation activities in preparation for the on-site accreditation visit to be conducted by the New England Association of Schools and Colleges. The visit is scheduled to take place on March 25 through 27 and will provide for an intensive evaluation of the vocational and academic programs at the school. After the three day on site visit, an extensive report assessing school programs, curriculum, staff, school facilities, and community support will be prepared by the visiting team members. This report will be available for dissemination to the public in late spring.

The Budget

Funding for the Regional Vocational School comes in part from the assessments on the five district member towns and in part from the Commonwealth. A considerable obstacle for the Committee has been the situation concerning state aid to our school. Following is a graph indicating the state aid received by the regional vocational school as compared with the state aid received by the municipalities. This clearly indicates our budgetary difficulties. It is the position of the Committee that the Commonwealth evaluate educational aid and move to the direction of an equal educational aid policy. Presently, a regional vocational school such as Lowell Tech receives significantly greater funds than Shawsheen Tech due to the demographic makeup of Lowell as compared to Shawsheen Valley. An equal educational aid policy would not be influenced by such factors as the number of AFDC students in a particular school system, as is the present formula.

STATE AID TRENDS - SHAWSHEEN VERSUS MEMBER TOWNS

On November 28th, George Morrissey, a Shawsheen Tech staff member since 1970, passed away. His many years of service and commitment to the Shawsheen Valley community are greatly appreciated by the School Committee.

The Shawsheen Valley Regional Vocational School Committee thanks all of the administrators, staff, and parents for their many significant contributions in 1985.

Town Meetings

TOWN OF WILMINGTON, MASSACHUSETTS WARRANT SPECIAL TOWN MEETING - MARCH 18, 1985

TO: THE CONSTABLES OF THE TOWN OF WILMINGTON,

Greetings: In the name of the Commonwealth of Massachusetts and in the manner prescribed in the By-Laws of said Town, you are hereby directed to notify and warn the inhabitants of the Town qualified to vote in Town affairs to meet and assemble at Barrows Auditorium, Wilmington High School, on Monday, the eighteenth day of March, 1985, at 7:30 p.m., then and there to act on the following articles:

ARTICLE 1: To see if the Town will vote to appropriate by transfer a sum of money from the Free Cash account to the Blue Cross - Blue Shield account to meet a current year liability; or do anything in relation thereto.

ARTICLE 2: To see if the Town will vote to authorize and direct the Selectmen to petition the General Court to authorize transfer of the care, custody, management and control of the Town Forest, and to authorize the Selectmen to transfer the care, custody, management and control of the Town Forest, the acquisition of which was voted by the Town in Article 23 of the March 15, 1975 Annual Town Meeting and which taking is recorded in Middlesex North Registry of Deeds in Book 2145, Page 453, as shown on a plan by Robert L. Higgins, Town Engineer, in Plan Book 120 as Plan 84, copies of all of which are on file in the office of the Town Clerk, to the Conservation Commission and to authorize construction and maintenance of a water storage tank and appurtenances in a location to be determined by the Town Engineer, as shown on a plan to be prepared by the Town Engineer; to authorize and direct the Selectmen to submit applications for grants in aid to the Commonwealth of Massachusetts and/or the Federal Government; or do anything in relation thereto.

ARTICLE 3: To see if the Town will vote to amend the Zoning By-Law and Zoning Map of the Town of Wilmington by voting to rezone from Residence 20 (R20) District to Planned Residential Development District (PRD) the following described parcel of land:

Beginning at a point on the northerly sideline of Broad Street land now or formally of Fasulo; thence northwesterly a distance of 225.11 feet along Broad Street; thence southwesterly a distance of 102.38 feet along Broad Street; thence northwesterly a distance of about 325 feet to the center of Lubber Brook; thence Northeasterly along the center of Lubber Brook; thence southeasterly a distance of about 79 feet; thence southeasterly a distance of 335.56 feet; thence southeasterly a distance of 822.00 feet to a point on the westerly sideline of the Boston and Maine Railroad; thence Northwesterly a distance of about 430 feet; thence southwesterly a distance of about 90 feet to a point on the northerly sideline of Cary Street; thence northeasterly a distance of about 90 feet; thence northwesterly a distance of about 100 feet; thence northeasterly a distance of about 1120 feet; thence northwesterly a distance of about 1250 feet; thence southwesterly a distance of 65.39 feet; thence northwesterly a distance of 100 feet; thence southwesterly a distance of 98.49 feet to a point on the northerly sideline of Broad Street; thence northwesterly a distance of about 40 feet along Broad Street; thence northeasterly a distance of 150 feet; thence northwesterly a distance of 150.00 feet; thence southwesterly a distance of 155.65 feet to a point of beginning, containing about 63.5 acres.

Said land being further shown and described on a plan entitled "Conceptual Site Plan, 'White Pine Crossing'" Town House Development, Wilmington, Mass, scale 1" = 40', dated July 24, 1984, and consisting of two sheets. Prepared by Andover Consultants, Inc. 213 Broadway, Methuen, Mass. a copy of which plan is on file with the office of the Clerk, and also filed in the office of the Planning Board.

Meaning and intending to rezone from Residence 20 (R20) District to Planned Residential Development District (PRD) that land shown on the Town of Wilmington Assessor's Map 68 as Lot 1 and Lot 2, and on Assessor's Map 69 as Lot 88 and Lot 112; or do anything in relation thereto.

ARTICLE 4: To see if the Town will vote to amend TABLE 1 PRINCIPAL USE REGULATION, Section 3.5.16 Vehicular Dealership of the Zoning By-Law of the Town of Wilmington by deleting under the heading "BUSINESS DISTRICTS GB" the word "Yes" and substituting the word "No", by deleting under the heading "BUSINESS DISTRICTS HDB", the word "No" and substituting the word "Yes", and by deleting under the heading "INDUSTRIAL DISTRICTS GI" the word "Yes" and substituting the word "No"; or do anything in relation thereto.

ARTICLE 5: To see if the Town will vote to authorize the Selectmen to sell and convey to Mary L. DelNimmo, a certain parcel of town-owned land shown on Land Court Case #8860B, Sheet 1 & 2, as Lot 24 and Lot 25 and filed with certificate number 2893 in registration book 17, page 201 at the M.N.D.R.D., entitled "Land in Wilmington & Tewksbury", date Nov. 1924, drawn by C.H. Garnett, C.E., said parcel bound and described as follows:

Westerly by Union Street (now Pond Street) 100+ feet; northerly by lot 23, land N/F of Broderick 70+ feet; easterly by Silver Lake 100+ feet; southerly by lot 26, land N/F of Moseley 70+ feet, containing 7,000 square feet, more or less and also referred to as Parcel 150 on Assessors' Map 34; subject to such terms and conditions as the Selectmen may determine, including the following restrictions: For the benefit of the grantor that the premises herein conveyed shall become part of the grantee's contiguous premises (i.e., that lot shown on Assessors' Map 34 as Parcel 149) and for the benefit of the grantor that the premises herein conveyed shall not be divided or subdivided either with or without the grantee's contiguous premises. The above restrictions shall run with the land herein described and shall be binding on the grantee, his heirs or assigns and successors in title, all in accordance with law, and further to set the minimum amount to be paid for such conveyance; or do anything in relation thereto.
Petition

ARTICLE 6: To see if the Town will vote to amend the Zoning By-Law and Map of the Town of Wilmington by voting to rezone from R-20 Residential to IP Industrial Park the following described parcel bounded and described as follows:

Beginning at a point at the northwesterly corner of the intersection of Routes 62 and 93, thence running south 58°55'58" west in the northerly sideline of Route 62 a distance of 466.76 feet to a point, thence running on a curve to the left which radius is 2,550 feet a distance of 962.39 feet to a point, thence running by Pilcher north 03°14'25" west a distance of 186.50 feet to a point, thence running still by Pilcher south 85°29'47" west a distance of 389.00 feet to a point in the easterly sideline of Middlesex Avenue, thence turning and running north 02°07'00" west a distance of 35.05 feet to a point, thence turning and running by Byrnes north 82°00'00" east a distance of 180.03 feet, thence turning and running by Byrnes north 02°07'00" west a distance of 141.54 feet to a point, thence turning and running by Larson north 87°53'00" east a distance of 10.91 feet to a point, thence turning and running by Larson, Pazyra, and Dickinson north 02°07'00" west a distance of 365.74 feet to a point, thence turning and running by Grinder north 89°09'00" east a distance of 135.31 feet to a point, thence turning and running by Handrahan south 32°36'05" east a distance of 128.76 feet to a point in the centerline of a brook, thence turning and running by Handrahan in the centerline of a brook north 65°05'13" east a distance of 165.00 feet to a point, thence running still in the centerline of the brook by Bruce north 49°51'37" east a distance of 211.59 feet to a point, thence running by Bruce north 31°28'04" west a distance of 261.01 feet to a point, thence turning and running by land of Whitney north 53°24'43" east a distance of 170.00 feet to a point, thence running by land of Silvers north 57°58'10" east a distance of 162.00 feet to a point, thence running by land of Anderson north 44°20'59" east a distance of 150.00 feet to a point, thence running by land of Whitney north 23°55'52" east a distance of 280.26 feet to the northerly sideline of Salem Street, thence turning and running in the southerly sideline of Salem Street on a curve to the right which radius is 2,706.41 feet a distance of 199.18 feet to a point, thence running still in the southerly sideline of Salem Street south 89°55'20" east a distance of 95.00 feet to a point in the westerly sideline of Route 93, thence turning and running in the westerly sideline of Route 93 south 13°55'43" east a distance of 745.19 feet to the point of beginning, said lot contains 20.94 acres more or less; or do anything in relation thereto.

ARTICLE 7: To see if the Town will vote to amend the Zoning By-Law and Zoning Map of the Town of Wilmington by voting to rezone from Neighborhood Business (NB) and Residence 10 (R-10) to Residence 60 (R-60) a parcel of land bound and described as follows:

Easterly by the centerline of Main Street 410 feet; Southerly across Main Street and by land of Julian, Burpee, Hurley and Williams in three courses 183 feet, 39.88 feet and 66 feet;
Northwesterly generally by Silver Lake to the sideline of Main Street 475 feet;
Northerly across Main Street to the centerline of Main Street 25 feet; or do anything in relation thereto.

ARTICLE 8: To see if the Town will vote to take by eminent domain or purchase the following described parcel of land for municipal purpose:

Easterly by Main Street.	410 feet
Southerly by land of Julian,	158.12 feet,
Burpee, Hurley, and Williams	39.88 feet, and
in three courses	66 feet
Northwesterly by Silver Lake	480 feet

containing 58,420 square feet being Lot B, LC Case 11903A and an unnumbered lot shown on plan entitled "Angle Street Plan of the Silver Lake Property, situated in Wilmington & Tewksbury, belonging to Daniel Ayer, Geo. W. Butterfield - C.E., Lowell, Mass., Aug. 17, 1854, Scale 200 feet to an inch", and also shown as Parcels 117 and 118 on Assessors' Map 45; and to raise or appropriate a sum of money and to determine how the appropriation shall be raised, whether by taxation, or by transfer from available funds, by borrowing, or otherwise; and to authorize the Board of Selectmen to apply for grants-in-aid from the Commonwealth of Massachusetts or the Federal government; or do anything in relation thereto.
Hereof fail not and make due return of this Warrant, or a certified copy thereof with your doings thereon to the Town Clerk as soon as may be and before said meeting.

Given under our hands and seal of said town this 11th day of February A.D. One Thousand Nine Hundred and Eighty-five

Board of Selectmen
James C. Stewart,
Rocco V. DePasquale
Robert J. Cain
Daniel H. Ballow, Jr.
Robert L. Doucette

A quorum being present at 8:00 p.m. the Moderator asked for the indulgence of the voters to allow for arrangements to be made to help seat the voters still coming in, after a few minutes the moderator opened the meeting with the pledge of allegiance to the Flag after which he started to read the Warrant and was interrupted by the Town Manager moving that we suspend the reading of the Warrant and take each article as drawn, this motion was seconded and the Moderator, still trying to make allowances for the overcrowded conditions accepted a motion from the floor to adjourn the meeting to a later date and place where all could be seated. This motion was seconded but overwhelmingly defeated by a voice vote. At which time the Moderator explained the hazzards and asked that all in attendance be quiet so as to continue with as little delay as possible.

Article 7: (Drawn as #1) Motion by James Stewart,"I move that the Town vote to amend the Zoning By-Law and Zoning Map of the Town of Wilmington by voting to rezone from Neighborhood Business (NB) and Residence 10 (R-10) to Residence 60 (R-60) a parcel of land bound and described as follows:

Easterly by the centerline of Main Street 410 feet; Southerly across Main Street and by land of Julian, Burpee, Hurley and Williams in three courses 183 feet, 39.88 feet and 66 feet;
Northwesterly generally by Silver Lake to the sideline of Main Street 475 feet;
Northerly across Main Street to the centerline of Main Street 25 feet.

The above motion was seconded and the Finance Committee recommended approval as did the Planning Board. Their was very little discussion due to the conditions prevailing and a voice vote was taken with it being unanimously so voted.

Article:3 (Drawn as #2) Motion by Joseph Courtney, read the same as the original article with the addition at the end of the article of

"Pursuant to Section 7.3.4 of the Zoning By-Law, this motion incorporates by reference (1) the written proposal for the development of condominium units within the above-described site by Northeastern Development Corporation which was filed with the Planning Board on January 8, 1985; (2) the above described

(Article 3 cont'd) "Conceptual Site Plan--White Pine Crossing; (3) the "Landscape Site Plan" and "Detail Sheet- Landscaping Typical" Plan prepared by Leonard E. Phillips, Jr., Landscape Architect; and (4) the architectural plans entitled "Proposed Six Unit Condominiums for Northeastern Development Corp." and "Proposed Four Unit Condominiums for Northeastern Development Corp." prepared by Albert Finn, each set of plans containing four sheets. Said written proposal and plans limit the maximum number of development units to 94 townhouse units with an aggregate total of 188 of bedrooms/dens to be constructed on the site."

Motion was accepted as the main motion and seconded; Finance Committee recommendeds disapproval The Planning Board recommended approval with these recommendations "The Planning Board finds that the Planned Residential Development shown and described on the plan entitled: "Conceptual Site Plan, White Pine Crossing Townhouse Development, Wilmington, Mass. dated July 24, 1985", showing a maximum of 94 two bedroom units: is consistent with the purposes of subsection 7.1 of the zoning by-law and does encourage the preservation of significant land and water resources; does contain a mix of residential, open spaces, and other uses sufficiently advantageous to the Town to render it appropriate to depart from the requirements of the zoning by-law otherwise applicable to the land; and does include sufficient data in the applicant's presentation to the Town Meeting to give reasonable assurance that the development will conform to all the Planned Residential Development Stantards."

At this time the Fire Chief came on the scene and announced to the Town Manager and Moderator that the size of the crowd was in violation of all fire codes and that the meeting had to adjourn.

The Moderator explained this to the voters and announced that the meeting would recess to Tuesday evening March 19, 1985 in the High School Gymnasium, on Church Street, Wilmington. A notice of which was posted at the Town Hall at 9:15 the same evening and the Precincts (6) were posted by the constable the next morning March 19, 1985 before 10:00 A.M.

On March 19, 1985 at 7:15 P.M. with a quorum present (670 approx.) the moderator opened the RECESSED portion of the Special Town Meeting of March 18th.

The meeting was called to order and the Moderator opened with the Pledge of Allegiance to the Flag.

Article 3 Motion referred to as read on March 18th was introduced by Joe Courtney and the paragraph being added to the main article as part of the main motion was re-read for the benefit of those who had not been in attendance previously. Mr. Courtney then introduced Mr. William McLeod, the engineer of the project, he spoke in detail of the proposal and then opened the meeting up for questions. After much discussion a motion was made to move the question, seconded and so voted. At this time Mr. Courtney summarized and the moderator informed the voters that a 2/3rds vote was needed. Because of the way the gym was set up with the use of the bleachers he asked that all in the middle of the floor would stand, while those in the bleachers just raise their hand for safety reasons. Seven tellers came forward and the count was taken YES 174 NO 498 Motion lost

ARTICLE 1: (drawn as #4) Motion by Reginald Stapczynski, "I move that the Town vote to appropriate by transfer the sum of \$500,000.00 from the Free Cash account to the Blue Cross - Blue Shield account to meet a current year liability." Motion was seconded, Finance Committee recommended approval. With very little discussion the vote was taken and voted unanimously. So voted

Article 2: (drawn as #6) Motion by Jim Miceli, was as read and was the same as the main article, Motion was seconded. Finance Committee recommended approval Planning Board recommended approval. A voice vote was taken with only one negative vote the moderator declared that with 739 voters present at this time the article was voted YES 738 NO 1. Motion so voted.

Article 3 was drawn at previous session and finished first this meeting.

Article 4: (drawn as #3) Motion by Mr. Gentile of the Planning Board, "I move that the town vote to pass over this Article 4 and take no action thereon at this time." Motion was seconded, A Voice vote was taken, unanimously voted to pass over

Article 5: (drawn as #8) Motion by Nicolas DelNirno, I move to see if the Town will vote to authorize the Selectmen to sell and convey to Mary L. DelNirno, a certain parcel of town-owned land shown on Land Court Case #8860B, Sheet 1 & 2, as Lot 24 and Lot 25 and filed with certificate number 2893 in registration book 17, page 201 at the M.N.D.R.D., entitled "Land in Wilmington & Tewksbury", date Nov. 1924, drawn by C.H. Gannett, C.E., said parcel bound and described as follows:

(Article 5 cont'd)

Westerly by Union Street (now Pond Street) 100+ feet; northerly by lot 23, land N/F of Broderick 70+ feet; easterly by Silver Lake 100+ feet; southerly by lot 26, land N/F of Moseley 70+ feet, containing 7,000 square feet, more or less and also referred to as Parcel 150 on Assessors' Map 34; subject to such terms and conditions as the Selectmen may determine, including the following restrictions:

Scenic Easement: The grantor hereby reserves unto the Inhabitants of the Town of Wilmington a sight easement over the entire parcel described above upon the condition that no building, structure or appurtenance shall be constructed on said premises and the Inhabitants of Wilmington shall have forever the perpetual enjoyment of the scenic beauties of Silver Lake and in violation thereof by the grantee, this land shall immediately revert to the grantor the Town of Wilmington.

Restrictions: No building, structure or appurtenance shall be constructed upon said premises which restriction shall be for the benefit of the grantor and shall run with the land and be binding upon the grantees successors in title in perpetuity. And such other conditions and restrictions as the Board of Selectmen shall impose; and further to set the minimum amount of \$11,000. to be paid for such conveyance.

Motion was seconded. Finance Committee recommended disapproval. Planning Board recommended disapproval. After much discussion and a promise by the Board of Selectmen to have the parcel turned over to Conservation at the Annual Town Meeting. The petitioner did not want this. A vote was taken on the main motion with the changes from the article having been read into it. The vote was unanimously so voted

Article 6: (drawn as #7) Motion by William Gustus, was basically the same with the exception of the amount of area to be used. This amount changed from 20.94 acres to 10.72 acres with a deed being given to the Town Clerk in anticipation of a positive vote that the remaining acreage be given to the town for conservation purposes. Motion was seconded. Finance Committee recommended disapproval Planning Board recommended disapproval but with this change was changing their recommendation to approval. Mr. Gustus introduced Mr. Tom Wilcox from Howard Johnsons who explained their plans for this area, After much discussion the moderator read the motion in its entirety as it was presented by Mr. Gustus because of the change. A standing vote was taken. YES 99 and NO 526 The article lost

Article 7: (drawn as #1) on the previous night and was unanimously So voted

Article 8: (drawn as #5), Motion by Jim Stewart, "I move that the Town vote to take by eminent domain or purchase the following described parcel of land for conservation purposes:

Easterly by Main Street	410 feet
Southerly by land of Julian, Burpee, Hurley, and Williams	158.12 feet,
in three courses	39.88 feet, and
Northwesterly by Silver Lake	66 feet
	480 feet

containing 58,420 square feet being Lot B, LC Case 11903A and an unnumbered lot shown on plan entitled "Angle Street Plan of the Silver Lake Property, situated in Wilmington & Tewksbury, belonging to Daniel Ayer, Geo. W. Butterfield - C.E., Lowell, Mass., Aug. 17, 1854, Scale 200 feet to an inch", and also shown as Parcels 117 and 118 on Assessors' Map 45; and to authorize the Town Treasurer with the approval of the Selectmen to borrow the sum of \$100,000 under and pursuant to Chapter 44, Section 7, clauses 2 & 3 of M.G.L. and to issue bonds or notes of the Town therefor; and to authorize the Selectmen to apply for grants-in-aid from the Commonwealth of Massachusetts and the federal government; and to do all other acts necessary or incidental thereto." Motion was seconded. Finance Committee recommends disapproval, just prior to the meeting the Finance Committee changed their recommendation to approval. Just an explanation of the reasons for taking this land to protect our lake was given. With 2/3rds required a standing vote was taken YES 596 NO 25 Motion so voted

With all articles having been acted upon the Moderator asked for a motion to adjourn it was 10:30 P.M., Motion was made and seconded and so voted. WARRANT FOR THE ANNUAL TOWN MEETING - APRIL 20, 1985
WITH ACTION TAKEN THEREON

TO: EITHER OF THE CONSTABLES OF THE TOWN OF WILMINGTON:

GREETINGS: In the name of the Commonwealth of Massachusetts and in the manner prescribed in the By-Laws of said town, you are hereby directed to notify and warn the inhabitants of the town qualified to vote in Town affairs to meet and assemble at the High School Gymnasium, Saturday the twentieth day of April, A.D. 1985 at 9:45 o'clock in the forenoon, the polls to be opened at 10:00 a.m. and shall be closed at 8:00 p.m. for the election of Town Offices:

ARTICLE 1. To bring in your votes on one ballot respectively for the following named offices, to wit: One Selectmen for the term of three years, One Moderator for the term of one year; Two Members of the School Committee for the term of three years; One Member of the Housing Authority for the term of Five Years

You are also hereby further required and directed to notify and warn the said inhabitants of the Town of Wilmington who are qualified to vote on elections and Town affairs therein to assemble subsequently and meet in the Town Meeting at the High School Gymnasium, Church Street, in said Town of Wilmington, on Saturday the Twenty-seventh day of April, A.D. 1985 at 1:30 p.m., then and there to act on the following articles:

In accordance with the above Warrant, the meeting was called to order by the Moderator Michael A. Caira, at 10:00 A.M. and as much of the Warrant as is noted above was read. With a motion of William Russell, it was moved and seconded and so voted to dispense with further reading of the Warrant.

All voting machines were opened and the zero sheets were posted so that the candidates could examine them before the polls were opened. The checkers were prepared with their voting lists and voter identification cards and everything was in readiness at 10:00 A.M.

The polls were declared open at 10:00 a.m. by Moderator, Michael A. Caira and as much of the warrant as is noted above was read. Upon the motion of William Russell, it was moved and seconded and so voted to dispense with further reading of the warrant.

At 8:00 p.m. the polls were declared closed and the printer packs were removed from the back of the voting machines and one copy was given to the tally clerks, one was posted outside the railing so that each candidate could add up his own totals at once.
The Town Clerk read the results of this election at 9:45 p.m.

All the totals from the twenty-five machines plus the absentee ballots were recorded and declaration thereof made, by law is directed and were for the following:

SELECTMEN - Three years (Vote for one)

Elected	Robert J. Cain, 39 Arlene Avenue	1253
	David J. Fitzgerald, 135 Main Street	658

Town Clerk, Wilmington

SPECIAL TOWN MEETING - APRIL 27, 1985
WITH ACTION TAKEN THEREON

TO: EITHER OF THE CONSTABLES OF THE TOWN OF WILMINGTON:

Greetings: In the name of the Commonwealth of Massachusetts and in the manner prescribed in the By-Laws of said Town, you are hereby directed to notify and warn the Inhabitants of the Town qualified to vote in Town affairs to meet and assemble at Wilmington High School Gymnasium, on Saturday the twenty-seventh day of April, 1985, at 1:30 p.m., then and there to act on the following articles:

ARTICLE 1: To see if the Town will vote to delete from the By-Laws of the Inhabitants of the Town of Wilmington Revised, Chapter 3, Sections 16.A, B and C in their entirety and insert the following therein: "No vacant land owned by the Town of Wilmington shall be sold until due consideration has been given to reasonable municipal uses of such lands, and an inventory and evaluation of all town-owned land has been compiled by the Board of Assessors in conjunction with the Planning Board.

This moratorium shall take effect from the date of the approval of this amendment subject to the approval of the Attorney General and shall continue for three years thereafter, at which time a new by-law shall be presented to the town meeting by the By-Law Study Committee in order to address the manner and means of the disposal of said lands;" or do anything in relation thereto.

ARTICLE 2: To see if the Town will vote to transfer a sum or sums of money for the operation of various Town departments and expenses; or do anything in relation thereto.

Hereof fail not and make due return of this Warrant, or a certified copy thereof with your doings thereon to the Town Clerk as soon as may be and before said meeting. Given under our hands and seal of said town this 25th day of March, A.D., One Thousand Nine Hundred and Eighty-five.

Board of Selectmen
James C. Stewart
Rocco V. DePasquale
Robert J. Cain
Daniel H. Ballou, Jr.
Robert L. Doucette

The Special Town Meeting was opened with the draw of Article 1, Motion by James C. Stewart "I move that the Town vote to delete from the By-Laws of the Inhabitants of the Town of Wilmington Revised. Chapter 3, Sections 16.A, B and C in their entirety and insert the following therein:

"No vacant land owned by the Town of Wilmington shall be sold until due consideration has been given to reasonable municipal uses of such lands, and an inventory and evaluation of all town-owned land has been compiled by the Board of Assessors in conjunction with the Planning Board.

This moratorium shall take effect from the date of the approval of this amendment and shall continue for three years thereafter, at which time a new by-law shall be presented to the town meeting by the By-Law Study Committee in order to address the manner and means of the disposal of said lands."

The main motion to Article 1, was the same as the main article with the exception of the deletion of the reference to the Attorney Generals approval. It was Seconded. All Board and Committees approved this article, with the exception of the Housing Auth., they made no recommendation. Three amendments were presented, the 1st by Larz Neilson to add "which has been acquired by tax title:" after the words No vacant land, this he later withdrew. The 2nd by William Gustus Almost the same as above trying to clarify what Larz had proposed, this was also withdrawn, 3rd by William Gustus was for the Moratorium to take effect after the Annual Town Meeting of April 27th." this motion was seconded and promptly lost by voice vote. The main motion was then back on the floor and the moderator explained that a yes vote would make the land buying articles mute and they would be passed over. The vote was taken and so voted.

Article 2: Motion Reginald Stapczynski, "I move that the Town vote to transfer in the FY-1985 budget the sum of \$130,000 into two departments as follows:

Police Department - Vacation Fill-in \$10,000; Sick Leave & Injury Fill-in \$9,000; and Arrests, Court Appearances and Investigations \$15,000 for a total transfer of \$34,000; and Maintenance of Public Buildings - School Maintenance & Operation - Fuel Heating \$66,000 and Town Building Maintenance Expenses \$30,000 for a total of \$96,000

from the following accounts as indicated therein: Motion was seconded and so voted

A motion was made to adjourn this meeting at 2:50 P.M. Motion seconded and so voted The record shows that 291 voters were in attendance.

At this point the Moderator started reading the Warrant for the Annual Town Meeting and was interrupted by James C. Stewart "I move that the Moderator dispense with further reading of the Warrant and take up and make reference to each article by number." The Motion was seconded and So Voted.

Article 2: To hear reports of Committees and act thereon.
Motion, James Stewart, "I move to pass over this article." Was Seconded and SO VOTED

ARTICLE 3: To see if the Town will vote to raise and appropriate a sum of money for the purpose of paying unpaid bills of previous years; or do anything in relation thereto.

Motion James Stewart "I move to pass over this article." was seconded and SO VOTED

ARTICLE 4: To see if the Town will vote to authorize the Town Treasurer, with the approval of the Selectmen, to borrow money from time to time in anticipation of the revenue of the financial year beginning July 1, 1985, in accordance with the provisions of General Laws, Chapter 44, Section 4, and to issue a note or notes therefor, payable within one year, and to renew any notes therefor, payable within one year, and to renew any note or notes as may be given for a period of less than one year in accordance with General Laws, Chapter 44, Section 17; or do anything in relation thereto.

Motion, Daniel H. Ballou, Jr. "I move that the Town vote to authorize the Town Treasurer, with the approval of the Selectmen, to borrow money from time to time in anticipation of the revenue of the financial year beginning July 1, 1985, in accordance with the provisions of General Laws, Chapter 44, Section 4, and to issue a note or notes therefor, payable within one year, and to renew any notes therefor, payable within one year, and to renew any note or notes as may be given for a period of less than one year in accordance with General Laws, Chapter 44, Section 17." Motion was seconded and so voted

ARTICLE 5: To see how much money the Town will appropriate for the expenses of the Town and the salaries of several Town Officers and Departments and determine how the same shall be raised, whether by taxation, transfer from available funds, or otherwise; or do anything in relation thereto.

MOTION; "I move that the several and respective sums as recommended and presented by the Finance Committee be raised by taxation or by transfer from available funds and appropriated for the purpose set forth in Article #5, each item to be taken up and voted on in the order they appear, subject to amendment, and each line item not be open for reconsideration until the entire budget is voted." After his motion Chairman Kevin Volpe explained the Finance Committees reasons for the budget, and their hope to stay within the recommendations and motions to transfer etc that would be presented throughout Article 5, to stay within the 2 1/2%

SPECIAL TOWN MEETING - DECEMBER 2, 1985
WITH ACTION TAKEN THEREON

TO: THE CONSTABLES OF THE TOWN OF WILMINGTON,

Greetings: In the name of the Commonwealth of Massachusetts and in the manner prescribed in the By-Laws of said Town, you are hereby directed to notify and warn the inhabitants of the Town qualified to vote in Town affairs to meet and assemble at Barrows Auditorium, Wilmington High School, on Monday, the second day of December, 1985, at 7:30 p.m., then and there to act on the following articles:

ARTICLE 1. To see how much money the Town will further appropriate for the expenses of the Town and the salaries of several Town officers and Departments, and determine how the same shall be raised whether by taxation, transfer from available funds, or otherwise; or do anything in relation thereto.

ARTICLE 2. To see if the Town of Wilmington will vote to appropriate \$8,565.00, the court judgment in the action of Judy Freiworth, et al versus Town of Wilmington, et al (United States District Court, Robert E. Keeton, Judge), and determine how the same shall be raised whether by taxation, transfer from available funds, or otherwise; or do anything in relation thereto.

ARTICLE 3. To see if the Town of Wilmington will vote to accept funds pursuant to Section 13 of Chapter 188 of the Acts of 1985 and place such funds which may be received by the Town Treasurer in a separate account to be expended for the purposes of Section 13 of Chapter 188; or take any other action relative thereto.

ARTICLE 4. To see if the Town of Wilmington will vote to approve the acceptance by the Shawsheen Valley Regional School District of Section 13 of Chapter 188 of the Acts of 1985 relating to a professional development grant program; or take any other action relative thereto.

ARTICLE 5. To see if the Town will amend the By-Laws of the Inhabitants of the Town of Wilmington Revised by adding Section 37 to Chapter 5 as follows:
UNDERGROUND STORAGE BYLAW

Section 1: Authority

This bylaw is adopted by the Town of Wilmington under its home rule powers, its police powers to protect the public health, safety and welfare, and under powers authorized by Mass. Gen. Laws ch. 40, sec. 21-21D and ch. 148, sec. 9.

Section 2: Purpose

The purposes of this bylaw are, through regulations to specify and design, construction, installation, testing and maintenance of underground petroleum storage facilities, to protect public health from the contamination of public and private water supplies due to leakage from such facilities, to protect the public safety from the dangers of fire and explosion associated with such leakage, and to protect the general welfare by preserving water supplies for present and future use.

Section 3: Definitions

- 3.1 - Underground tank shall mean any storage containment system (including pipes and fittings) in which any portion of the tank is below the ground.
- 3.2 - Fire Chief shall mean the Chief, or his designee, of the Fire Department in Wilmington.
- 3.3 - Noncorrosive soil is soil that, when tested by a qualified Professional, is shown to have a resistivity greater than 10,000 ohm-cm, and that does not exhibit corrosive characteristics in a soil-chemistry analysis.
- 3.4 - 100 year flood plain shall mean those areas as shown in the Flood Insurance Rate Maps for Wilmington under the Federal Emergency Management Agency's National Flood Insurance Program, or as defined in section 6.2.1 of the zoning bylaw.
- 3.5 - Observatory well: a dug or drilled cased well which can be used for detecting the presence of flammable or combustible liquids and which is drilled to a depth of approximately twenty-four (24) inches below the tank bottom.
- 3.6 - Concrete Vault: means a vault constructed in accordance with figure No. 1, Section A, B or C; or, in the alternative, an acceptable engineered approved equivalent as approved by the Fire Chief.
- 3.7 - Operator/Owner: means the lessee of a storage facility or the person or persons responsible for the daily operation of a storage facility.
- 3.8 - Abnormal gain of water: means a gain in the water level inside any tank of more than one (1) inch in a twenty-four hour period during which no product has been added.
- 3.9 - Inventory verification - includes procedures listed under section 6.1 of this bylaw and QMR (Commonwealth of Massachusetts Regulations) 527, 5.05 (3A).
- 3.10- Abandoned: means being out of service for a continuous period in excess of six months, in the case of a storage facility for which a license from the local licensing authority is required under the provisions of Mass. Gen. Laws ch. 148, sec. 13, as amended.
- 3.11- Cathodic protection: means a system that inhibits the corrosion of a tank or components through either the sacrificial anode or the impressed current method of creating a corrosion-inhibiting electrical current.
- 3.12- MSDA-Material Safety Data Sheet: a document identifying a toxic or hazardous substance and its manufacturer, and containing certain information relating to the risks associated with the substance and procedures for eliminating or minimizing those risks; the basic information document required by the Law.
- 3.13- Leakage or leak: means any uncontrolled movement, measurable by a final or precision test¹ that can accurately detect a leak of 0.05 gallons per hour or less, after adjustment for relevant variables such as temperature change and tank end deflection, of petroleum product out of a tank or its components; or any uncontrolled movement of water into a tank or its components.

Section 4: Registration of tanks

- 4.1 - Tank Registration - Every operator/owner of an underground tank must file a permit application with the Town Clerk within 90 days of the enactment of this bylaw.
- 4.2 - Notification of Fire Department - The Town Clerk must forthwith, give the Fire Chief a copy of the information filed for each tank that is registered according to section 4.1. The Fire Chief or his designee shall check this information against fire Department records. He may require evidence of the date of purchase and installation if there is any question concerning the age of the tank or tanks.
- 4.3 - Tank Testing - Operators that are known to have underground storage tanks that did not register their tanks as required by section 4.1 of the bylaw shall have such tanks tested in accordance with section 6.2 of this bylaw.
- 4.4 - Any change in the information on the permit application must be reported to the Town Clerk within 30 days of the change.
- 4.5 - If no substantial evidence of the date of installation is supplied, than the tank shall be presumed to have been installed ten years prior to the effective date of this bylaw.

Section 5: Standards Applicable to the Installation of New Tanks

- 5.1 - Tank Design
 - (a) All tanks shall be constructed of fiberglass reinforced plastic FRP and vaulted in accordance with section 3.6 of this bylaw or an acceptable engineered approved equivalent as approved by the Fire Chief.
 - (b) All piping shall be constructed of non-corrodable materials such as FRP or its equivalent in accordance with 527 QMR 9.06.
 - (c) All concrete vaults shall be sealed with a sealing material approved by the Fire Chief. All vaults shall be sealed both inside and outside.
 - (d) All tanks shall be equipped with a leak detection device approved by the Fire Chief.
 - (e) All tanks must be equipped with striker plates below openings used for product measurement or filling.

(f) When more than one (1) tank is installed, observation wells a minimum of two (2) inches in diameter shall be installed at two corners within tank hole excavation. If only one tank is installed, an observation well shall be installed at each end of the tank.

5.2 - Tank Installation

- (a) The Fire Chief shall inspect and approve underground tanks prior to their burial, in accordance with 527 QMR 9.06 (10).
- (b) The Inspector of Buildings or his designee shall inspect and approve all concrete vaults.
- (c) Tanks shall be installed in accordance with the manufacturer's installation techniques. Damage to protective coatings or to the FRP tank or surface shall be repaired prior to covering the tank.

¹The criteria for a final or precision test are described in NFPA 329, published by the National Fire Protection Association.

- (d) New underground tanks shall be tested for tightness, hydrostatically, or with air pressure at not less than 3 pounds per square inch and not more than 5 pounds per square inch, after installation, and backfill in accordance with 527 QMR 9.06 (20).
- (e) Piping shall be tested in accordance with 527 QMR 9.06 (20) (a) before being covered, enclosed, or placed in use.
- (f) Backfill material, used to cover all new tank installations and repairs, shall be of the type and quality specified by the tank manufacturer's installation procedures, accepted engineering practices and the provisions of 527 QMR 9.06 (17) (b-d), as amended; provided that the backfill material for FRP tanks shall be pea gravel or crushed stone and that the backfill material under all other tanks shall be either pea gravel or clean, non-corrosive sand, free of cinders, stones and any other foreign material, the material under the tank to be compacted and contoured to the shape of the tank before the tank is installed, the balance to be thoroughly compacted.
- (g) Underground tanks that are to be located in areas subject to flooding or below the maximum water table elevation shall be anchored according to manufacturer's instructions.

5.3 - Tank Location

Underground tanks that are to be installed within 1000 feet of a public water supply well shall submit, for review by the Fire Chief, Board of Health or its agent, and the local Water Commissioners or their agent, a plan outlining the procedures or devices, such as product sensors and/or area monitoring devices, to be used to prevent water supply contamination. The plan shall be endorsed by representatives of the three departments noted above prior to tank installation. Tanks currently within 1000 feet of a public water supply well shall be upgraded to meet the provisions of Section 5.1 and 5.2 within 5 years of the acceptance of this bylaw.

Section 6: Leak Detection for Existing and New Tanks

6.1 - Inventory Verification

- (a) All underground tanks, except fuel-oil tanks connected with heating equipment, shall be installed and monitored for the prevention and detection of leakage of flammable and combustible liquids in accordance with the provisions of 527 QMR 5.05 (3).
- (b) The daily-inventory records shall be shown to the Fire Chief prior to issuance of a permit or license renewal.
- (c) The owner and operator shall participate in a program of regularly scheduled inventory verification, at least once every two years, in accordance with 527 QMR 5.05 (3) (g). The operator of tanks 10 years of age or older shall submit to the fire Chief annually a report certifying that the inventory verification has been performed, stating the calculated gain/loss over the verification periods.
- (d) The Fire Chief shall require the operator of an underground tank storage system to test the system for tightness, at the operator's expense, when accurate daily inventory records have not been maintained as specified in 6.1.
- (e) If daily inventory records indicate a loss of product in excess of 0.5 percent of the volume of product used or sold, or an abnormal increase in the amount of water contained in the tank, steps shall be taken immediately in accordance with 527 QMR 5.05 (3) (e) to detect and stop the leak. The discrepancy shall be reported to the Fire Chief.

6.2 - Tank Testing

- (a) Unless the tank operator demonstrates to the Fire Chief and the Board of Health that his tank(s) are constructed of a material that will not corrode, has product sensors, or has been repaired or tested within the last year, underground tanks and piping shall be required, at the expense of the owner, to undergo one of the following tests within 60 days and annually thereafter: A Kent-Moore (Heath Petro-tite) test; or a Sun-Mark leak-locator test; or the equivalent as determined by the Fire Chief. The Fire Chief shall be given at least 48 hours' notice of time, date, and place of testing. Test results shall be submitted to the local Fire Chief.

- (b) The waiver from 6.2 (a) may not be granted for a tank that is located within any of the areas specified in section 5.3.
- (c) If flammable fluids or their vapors have been detected in neighboring structures, sewers, or wells on or off the property locations, the Fire Chief may require that any nearby tank, including underground residential tanks less than 1000 gallons, be tested at the expense of each tank's owner.
- (d) Any tank abandoned shall be removed from the premises and disposed of in an appropriate manner.
- (e) Annual tank testing will not be required of tanks connected solely to heating systems unless deemed necessary by the Fire Chief. However, all tanks must be tested at the owner's expense during the 20th year after installation.

Section 7: Procedure in Case of Spill or Leak (also, see Appendix A)

7.1 - Leak Reporting

Any owner/operator who is aware of a spill, abnormal loss of product stored underground, or abnormal gains of water in a tank, shall report such spill, loss or gain immediately to the Fire Chief. The Fire Chief shall be responsible for other notification, as required by law and outlined in Appendix A.

7.2 - Equipment Replacement/Removal

- (a) After a leak is confirmed, underground tanks (fittings and piping) shall be emptied immediately, and removed or repaired forthwith, under the direction of the Fire Chief.
- (b) A leaking tank that is twenty years old or older or that falls under 4.5 that does not comply with the design standards in section 5.1 (b) shall be removed and may not be repaired. A permit for its removal must be obtained in accordance with M.G.L. Ch. 148, s. 38A.
- (c) A leaking tank that is proven to be, by the owner or operator, less than twenty years old shall be repaired or removed. If the tank operator can show to the satisfaction of the Fire Chief that (in the case of steel tanks) the leak was from internal corrosion, and that the tank can be repaired so as not to pose a continuing threat to the soils and waters of the commonwealth, considering at a minimum the corrosivity of the soil; tank age and external condition; techniques to be used for the repair; and the location of the tank, then the tank may be repaired. Operators of leaking FRP tanks must demonstrate to the Fire Chief that the tank can be repaired according to manufacturer's instructions. Operators who do not meet these requirements shall remove the tank.
- (d) If it is necessary to replace an underground steel tank that has developed a corrosion-induced leak, all other steel tanks at the facility of the same age or older, must be tested in accordance with section 6.2 of this bylaw within 30 days of leak verification.

Section 8: Administration

- 8.1 - Board of Selectmen is chief licensing authority.
- 8.2 - The provisions of this bylaw shall be administered by the Fire Chief.
- 8.3 - Variances from the specific requirements of this bylaw may be authorized by the chief licensing authority after notice and a public hearing.
- 8.4 - Licenses issued in accordance with M.G.L. Ch. 148 s. 13 for underground tanks shall be renewed annually. Tank owners shall submit to the Fire Chief and the licensing authority (Board of Selectmen) a statement certifying satisfactory leak-detection results over the period of the permit (in accordance with s. 6.2 of this bylaw), and inventory verification, at least 30 days before the issuance of a permit renewal for the time periods specified herein. Test results shall accompany the permit-renewal application.
- 8.5 - Fees necessary for the issuance and renewal of permits or licenses shall be set by the Board of Selectmen.
- 8.6 - The Fire Chief may, at all reasonable times, and upon reasonable notice to the occupant of the premises, enter any premises, public or private, for the purpose of investigating, sampling, or inspecting any record, condition, equipment, practice, or property relating to activities subject to this bylaw, and may at any time and upon reasonable notice to the occupant of the premises enter such premises for the purpose of protecting the public health or safety, or to prevent damage to the environment.
- 8.7 - Any operator who violates any provision of this bylaw shall be subject to a fine of three hundred dollars for each offense. Each day during which such violation continues shall constitute a separate offense. This bylaw may be enforced pursuant to Mass. Gen. Laws ch. 40, sec. 21D, as amended, by a local police officer or any other officer having police powers. Upon request of the Board of Health and the Board of Selectmen, Town Counsel shall take such legal action as may be necessary to enforce this bylaw.

Section 9: Prohibited Uses

All materials which require a Material Safety Data Sheet, with the exception of gasoline, diesel fuel and fuel oil, will be prohibited from underground storage in the Town of Wilmington accept as otherwise approved by the Fire Chief.

APPENDIX A
FUEL-SPILL CONTINGENCY PLAN: FUEL LEAKAGE OR SPILLS

When fuel spills, it is important to follow proper procedures to ensure prompt and safe containment and cleanup of the material. Chapter 21 of the Massachusetts General Laws, as amended by Chapter 705 of the Acts of 1979, gives the Massachusetts Department of Environmental Quality Engineering (DEQE) sole authority to order or conduct spill containment and removal in or near any of the waters of the commonwealth. Groundwater is included in the definition of "Waters of the Commonwealth." Local officials, therefore, are not authorized to clean up the spilled substance but can take steps to contain it, provided that DEQE is promptly notified and concurs with the proposed actions. As long as this is done "any person who gratuitously renders assistance at the request of a duly authorized officer in removing oil or hazardous material from the waters of the commonwealth, or adjoining shorelines, shall not be held liable, notwithstanding any other provision of law, for civil damages as a result of any act of omission by him in removing such oil or hazardous material, except acts or omissions amounting to gross negligence or willful or wanton misconduct."

The following plan will be implemented in Wilmington:

Prior to a Spill:

1. Develop a standard procedure for reporting spills, such as the attached form, and distribute it to all concerned town departments, including the Fire Department, Board of Health, Police Department, Town Manager, Board of Selectmen, Conservation Commission, and the Hazardous Waste Coordinator.
2. Equip one or more town departments with oil-absorbent booms to be used to contain the spill. Train employees to use the booms. Or, in the alternative, the Town will employ the services of a certified hazardous waste clean-up operator.
3. Measures should be taken to ensure the safe and clean operation of gas stations and other fuel dispensers, particularly those in groundwater-recharge areas and watersheds of surface water supplies. Applications for construction of new fuel storage facilities should be carefully reviewed, and permits should be issued only when compliance with strict safety standards is assured.
4. Because a fuel spill may involve several communities, determine who should be notified in the event of a threat to another community (e.g., Fire Department, Town Manager, etc.).

When a Spill Occurs:

5. Contact the local fire department, followed by all applicable town departments and the DEQE. Follow the latter's instruction.
6. Inspect the site of the spill and note the characteristics of the spilled substance. Do not come into contact with the substance or strike a match near the area.
7. If the spill can be contained, place a row of oil-absorbent boom around it.
8. Wait for the field representative from the DEQE to arrive, checking the spill periodically.

ARTICLE 6. To see if the Town will vote to authorize the Board of Selectmen to petition the State Legislature to authorize that David L. Axelrod be allowed to take the Civil Service Police Department entrance examination for the position of police officer in the Wilmington Police Department notwithstanding that he is more than thirty-two years old; or do anything in relation thereto. Article by Petition

ARTICLE 7. To see if the Town will vote to amend the Zoning By-Law and Zoning Map of the Town of Wilmington by voting to rezone from Residence 20 District (R-20) to General Industrial District (GI) that land described as:

Beginning at the northerly lot corner of the hereafter described premises, said point being at land of Roy F. and Patricia A. Parsons and on the westerly side of West Street, the land being bounded east by West Street for 196.0 feet more or less, south by other land of the owner along the existing Industrial Zone line for 1180 feet more or less, west by land of John Lyons et al for 260 feet more or less and northerly by land of Forrest H. Chaput et al and land of aforementioned Parsons, for 1058 feet more or less, meaning to describe the northerly portion of parcel 16 on Assessors Map 71;

or do anything in relation thereto. Article by petition

ARTICLE 8. To see if the Town of Wilmington will vote to amend the Zoning By-Law and Zoning Map of the Town of Wilmington by voting to rezone from Residence 20 (R20) to Residence 60 (R60) the following described parcel of land:

Beginning at a point in the northerly sideline of Burlington Avenue, said point being the westerly terminus of a curve of 577.18 feet radius, thence N 83°17'52" W distant 25.11 feet by said sideline to a point, thence N 11° 05'29" E distant 215.09 feet by the sideline of land of Duma to a point, thence N 78°54'31" W distant 194.77 feet by the rear line of land of Duma to a point, thence N 02°45'40" E distant 125.00 feet by land of DuBois to a point, thence N 77°16'20" W distant 64.82 feet by said land to

a point, then S 33°05'50" W distant 51.29 feet by said land to a point, thence N 57°27'14" W distant 177.48 feet by land of Coyne and Gangi to a point, thence N 07°53'17" W distant 90.73 feet by land of Stemmler to a point, thence N 85°13'45" E distant 73.56 feet by land of Rando to a point, thence N 84°59'53" E distant 69.62 feet by said land to a point, thence N 86°16'47" E distant 86.45 feet by said land to a point, thence N 03°00'41" W distant 69.59 feet by said land to a point, thence N 09°26'47" E distant 63.31 feet by said land to a point, thence N 01°38'41" E distant 102.15 feet by said land to a point, thence N 19°11'30" W distant 36.91 feet by said land to a point, thence N 07°07'20" W distant 51.22 feet by said land to a point, thence N 15°43'36" W distant 23.06 feet by said land to a point, thence N 08°10'45" E distant 24.79 feet by land of Logan to a point, thence N 24°55'11" E distant 168.35 feet by said land to a point, thence N 16°23'07" E distant 120.78 feet by said land to a point, thence N 09°12'31" E distant 43.20 feet by said land to a point, thence N 19°21'07" E distant 58.22 feet by said land to a point, thence N 20°55'02" E distant 182.05 feet by land of the Town of Wilmington to a point, thence N 20°21'18" E distant 134.19 feet by said land to a point, thence N 20°30'23" E distant 190.36 feet by said land to a point, thence N 20°34'59" E distant 207.49 feet by said land to a point, thence S 50°35'10" E distant 122.64 feet by land of the Town of Wilmington, Birch Road and Fritsch to a point, thence S 49°39'23" E distant 151.18 feet by land of Fritsch to a point, thence S 49°58'47" E distant 134.58 feet by said land to a point, thence S 51°04'32" E distant 80.31 feet by land of Fritsch and Arditto to a point, thence S 49°26'56" E distant 46.70 feet by land of Arditto to a point, thence S 53°39'20" E distant 84.65 feet by said land to a point, thence S 87°22'54" E distant 147.95 feet by said land to a point, thence S 88°35'50" E distant 191.65 feet by said land to a point, thence S 86°30'51" E distant 39.42 feet by said land to a point, thence S 86°12'14" E distant 114.54 feet by said land to a point, thence S 86°39'18" E distant 172.18 feet by land of Arditto, Gates, and Ivy Court to a point, thence S 06°09'34" E distant 50.75 feet by land of Ivy Court and Baskys to a point, thence S 01°57'45" E distant 81.99 feet by land of Baskys to a point, thence S 06°44'31" W distant 96.31 feet by land of Baskys, Williamson, and Forbes to a point, thence S 07°46'10" W distant 138.70 feet by land of Forbes to a point, thence S 11°07'08" W distant 135.72 feet by land of Forbes and Beech Court to a point, thence S 15°02'05" W distant 80.13 feet by Beech Court and land of Lake to a point, thence S 09°23'30" W distant 123.04 feet by land of Lake and land of Johnson to a point, thence S 30°16'09" E distant 51.89 feet by land of Johnson to a point, thence S 22°58'57" E distant 42.70 feet by land of Johnson to a point, thence S 04°24'22" by said land to a point, thence N 78°54'31" W distant 90.00 feet by said land to a point, thence S 11°05'29" W distant 175.00 feet by said land to a point, thence bearing to the left with a curve of 577.18 feet radius distant 25.00 feet by the northerly sideline of Burlington Avenue to the point of beginning, being Lot Q containing 53.03 acres.

All as shown on a plan entitled: "Compiled Plan of Land, Burlington Avenue, Wilmington, Mass.", Scale 1"=100', January 3, 1977, Robert L. Higgins, Town Engineer, a copy of which is on file in the office of the Town Engineer; or do anything in relation thereto. Article by petition

ARTICLE 9. To see if the Town will vote to raise and appropriate a sum of money to acquire land for conservation purposes as authorized by Chapter 40 Section 8C of the Massachusetts General Laws, said land to be managed by the Conservation Commission; and to authorize the Selectmen to purchase, take by eminent domain, receive as a gift, or execute an option for a certain parcel of land bound and described as follows:

Beginning at a point in the northerly sideline of Burlington Avenue, said point being the westerly terminus of a curve of 577.18 feet radius, thence N 83°17'52" W distant 25.11 feet by said sideline to a point, thence N 11° 05'29" E distant 215.09 feet by the sideline of land of Duma to a point, thence N 78°54'31" W distant 194.77 feet by the rear line of land of Duma to a point, thence N 02°45'40" E distant 125.00 feet by land of DuBois to a point, thence N 77°16'20" W distant 64.82 feet by said land to a point, then S 33°05'50" W distant 51.29 feet by said land to a point, thence N 57°27'14" W distant 177.48 feet by land of Coyne and Gangi to a point, thence N 07°53'17" W distant 90.73 feet by land of Stemmler to a point, thence N 85°13'45" E distant 73.56 feet by land of Rando to a point, thence N 84°59'53" E distant 69.62 feet by said land to a point, thence N 86°16'47" E distant 86.45 feet by said land to a point, thence N 03°00'41" W distant 69.59 feet by said land to a point, thence N 09°26'47" E distant 63.31 feet by said land to a point, thence N 01°38'41" E distant 102.15 feet by said land to a point, thence N 19°11'30" W distant 36.91 feet by said land to a point, thence N 07°07'20" W distant 51.22 feet by said land to a point, thence N 15°43'36" W distant 23.06 feet by said land to a point, thence N 08°10'45" E distant 24.79 feet by land of Logan to a Rocco V. DePasquale
Robert J. Cain
Daniel H. Ballou, Jr.
James C. Stewart

A quorum being present at 7:50 P.M. the Moderator opened with the Pledge of Allegiance to the Flag after which he explained the procedures to be followed and started reading the Warrant and was interrupted by the Town Manager with a motion to dispense with further reading of the warrant and take each article as drawn in accordance with the Town Bylaws Motion was seconded and so voted.

ARTICLE 1: (Drawn as #8) To see how much money the Town will further appropriate for the expenses of the Town and the salaries of several Town officers and Departments, and determine how the same shall be raised whether by taxation, transfer from available funds, or otherwise; or do anything in relation thereto. Finance Committee recommended approval of Motions 1 & 2 and disapproved of motion 3.

Motion #1. Reginald S. Stapczynski, Town Manager "I move that the Town vote to raise by taxation and appropriate the sum of \$145,201. for the Insurance and Bonds Account to provide the necessary funds to meet the Town's insurance premiums for FY-86. Motion was seconded and vote unanimously So voted

Motion #2. Reginald S. Stapczynski, Town Manager "I move that the Town vote to raise by taxation and appropriate the sum of \$19,750. to provide the funds needed to meet the Town's total assessment of \$625,034. for the Shawsheen Valley Regional Vocational School District. Motion was seconded and unanimously So voted

Motion #3. Reginald S. Stapczynski, Town Manager "I move that the Town vote to raise by transfer and appropriate the sum of \$13,583 to the Police Salaries - Sergeants Account from the Police Salaries - Patrolmen Account. Motion was seconded and after much discussion pro and con was so voted

ARTICLE 2: (Drawn as #1) To see if the Town of Wilmington will vote to appropriate \$8,565.00, the court judgment in the action of Judy Freiwirth, et al versus Town of Wilmington, et al (United States District Court, Robert E. Keeton, Judge), and determine how the same shall be raised whether by taxation, transfer from available funds, or otherwise; or do anything in relation thereto.

Motion by Rocco DePasquale "I move that the Town vote to raise by taxation and appropriate the sum of (\$8,565.) to pay the legal fees and expenses in the case of Judy Freiwirth, et al (Campaign to Stop Euromissiles) vs. the Town of Wilmington."

Motion to amend the figure to \$9,726. Motion was seconded and Mr. DePasquale asked the voters to vote no to speak out against the town and other towns having to pay such an outrageous judgement. Finance Committee recommended disapproval Vote was taken and greatly defeated by voice vote Motion defeated

ARTICLE 3: (Drawn as #5) To see if the Town of Wilmington will vote to accept funds pursuant to Section 13 of Chapter 188 of the Acts of 1985 and place such funds which may be received by the Town Treasurer in a separate account to be expended for the purposes of Section 13 of Chapter 188; or take any other action relative thereto.

Motion by Anthony Acardi, "I move that the Town of Wilmington vote to accept funds pursuant to Section 13 of Chapter 188 of the Acts of 1985 and place such funds which may be received by the Town Treasurer in a separate account to be expended for the purposes of Section 13 of Chapter 188." Finance Committee recommended approval motion was seconded and the Moderator asked how the School Committee had voted on this action. Mr Accardi stated that the School Committee had voted unanimously in favor Explanation of the motion was made and so voted unanimously.

ARTICLE 4. (Drawn as #9) To see if the Town of Wilmington will vote to approve the acceptance by the Shawsheen Valley Regional School District of Section 13 of Chapter 188 of the Acts of 1985 relating to a professional development grant program; or take any other action relative thereto.

Motion by Kevin Sowyrda, Regional School Committee Motion read the same as the main article. Motion was seconded, and the Moderator asked how the Regional School Committee had voted on this action Kevin stated that they were unanimous in accepting it. Finance Committee recommended approval. Motion was unanimously so voted

ARTICLE 5. To see if the Town will amend the By-Laws of the Inhabitants of the Town of Wilmington Revised by adding Section 37 to Chapter 5 as follows:

UNDERGROUND STORAGE BYLAW

This article was drawn 6th at 8:58 P.M. This article had two amendments and a few corrections, each being noted and voted upon as they came in order in the bylaw.

Motion #1 Bruce MacDonald, " I move that the Town vote to amend the By-Laws of the Inhabitants of the Town of Wilmington Revised by adding Section 37 to Chapter 5 as contained in the Warrant." motion was seconded by Town Manager. Fin Comm recommended Approval Planning Board although not required was in favor. The moderator read the following corrections so the voters could take note;

Section;

3.6 Change "C" to "B-Typical and add the word (ATTACHED)

3.12 should read MSDS not msda .

4.5 should be 20 years not 10 years.

6.1(a) the word "SOLELY" should be inserted between tanks connected.

6.1(b) add at the end of the paragraph the words "refer to section a above" page 3 of warrant.

6.1(c) should be 20 years not 10 years.

7.1 add the word "except" between notification as.

9. correct spelling EXCEPT after Town of Wilmington last line section 9.

Appendix A Prior to Spill: 1. At end of paragraph add (Director of Public Health).

All these changes were noted and made. Motion #2, by James Stewart, "I move to add

Section 6.2f Effective July 1, 1986 All tanks owned and operated by the Town of Wilmington must be tested annually in accordance with this by-law."

Motion was seconded and voted unanimously so voted

Motion #3 James C. Stewart, "I move to add

Section 10: Validity and Severability

The invalidity of one or more sections, subsections, sentences, clauses or provisions of this bylaw shall not invalidate or impair this bylaw as a whole or any other part or parts hereof."

Motion was seconded and unanimously so voted After all these changes and amendments the vote was taken on the MAIN MOTION and the vote was overwhelmingly in the affirmative with only one no vote. Motion so voted

ARTICLE 6. (Drawn as 4th) To see if the Town will vote to authorize the Board of Selectmen to petition the State Legislature to authorize that David L. Axelrod be allowed to take the Civil Service Police Department entrance examination for the position of police officer in the Wilmington Police Department notwithstanding that he is more than thirty-two years old; or do anything in relation thereto. Finance Committee recommended approval David Axelrod. made the the motion, it read the same as the main motion. Motion was seconded and so voted

ARTICLE 7: (Drawn as #7) To see if the Town will vote to amend the Zoning By-Law and Zoning Map of the Town of Wilmington by voting to rezone from Residence 20 District (R-20) to General Industrial District (GI) that land described as:

(Article 7 cont'd)

Beginning at the northerly lot corner of the hereafter described premises, said point being at land of Roy F. and Patricia A. Parsons and on the westerly side of West Street, the land being bounded east by West Street for 196.0 feet more or less, south by other land of the owner along the existing Industrial Zone line for 1180 feet more or less, west by land of John Lyons et al for 260 feet more or less and northerly by land of Forrest H. Chaput et al and land of aforementioned Parsons, for 1058 feet more or less, meaning to describe the northerly portion of parcel 16 on Assessors Map 71;
or do anything in relation thereto. Article by Petition

Motion by Joseph Courtney was the same as the main motion. The motion was seconded Finance Committee recommended disapproval and the Planning Board recommended approval Mr. Courtney explained the reasons for the motion and after some discussion a standing vote was taken. 2/3rds vote being needed. The article lost Yes 58 No 63

The quorum was questioned between the 7th & 8th article drawn, but 167 were present

ARTICLE 8. (Drawn as #3) To see if the Town of Wilmington will vote to amend the Zoning By-Law and Zoning Map of the Town of Wilmington by voting to rezone from Residence 20 (R20) to Residence 60 (R60) the following described parcel of land: Motion, the same as the main motion was read by Al Cuoco. Finance Committee and Planning Board recommends disapproval Motion was seconded after much discussion and explanations by Moderator and Town Council. A standing vote was taken a 2/3rds vote being required The vote was Yes 133 and No 44 Motion so voted

ARTICLE 9. (Drawn as #2) To see if the Town will vote to raise and appropriate a sum of money to acquire land for conservation purposes as authorized by Chapter 40 Section 8C of the Massachusetts General Laws, said land to be managed by the Conservation Commission; and to authorize the Selectmen to purchase, take by eminent domain, receive as a gift, or execute an option for a certain parcel of land bound and described as follows:

Motion by Michel "I move to postpone action on Article 9 to an adjourned meeting of this meeting to be held on the 4th Saturday of April at 1:30 P.M." Motion was seconded so voted to postpone.

With all articles having been considered, the Moderator asked for a motion to adjourn to a time certain being just prior to the Annual Town Meeting, April 26, 1986 where the action will be taken on Article 9 of this Special Town Meeting. Motion was made and seconded at 10:28 P.M. The attendance at the beginning of the meeting was one hundred seventy-seven (177) with a total attendance being one hundred ninety-seven (197) with sixteen (16) non-voters also in attendance.

TAXATION	\$145,201.
TAXATION	19,753.
TRANSFER	13,583.

TOWN OF WILMINGTON, MASSACHUSETTS
COMPREHENSIVE ANNUAL FINANCIAL REPORT

June 30, 1985

REPORT OF THE TOWN ACCOUNTANT

November 29, 1985

Members of the Board of Selectmen
and Town Manager
Town Hall
Wilmington, Massachusetts 01887

The comprehensive Annual Financial Report of the Town of Wilmington, Massachusetts, for the fiscal year ended June 30, 1985 is submitted herewith. This report was prepared by the Town Accountant. Responsibility for both the accuracy of the presented data and the completeness and fairness of the presentation, including all disclosures, rests with the Town.

I believe the data, as presented, is accurate in all material aspects; that it is presented in a manner designed to fairly set forth the financial position and results of operations of the Town as measured by the financial activity of its various funds; and that all disclosures necessary to enable the reader to gain the maximum understanding of the Town's financial affairs have been included.

Respectfully submitted,

Edward F. Walsh
Town Accountant

NOTES TO FINANCIAL STATEMENTS

June 30, 1985

1. Summary of Significant Accounting Policies

The accounting policies for financial reporting purposes of the Town of Wilmington conform to generally accepted accounting principles for local governmental units except as indicated in Note 2. The following is a summary of the significant accounting policies:

A. Fund Accounting

The town reports its financial activities in several funds and one account group in order to comply with the limitations and restrictions placed on both the resources made available to the town and the services provided. The various funds are grouped in the financial statements in this report into five generic fund types and two broad fund categories as follows:

GOVERNMENTAL FUNDS

General Fund - The general fund is the general operating fund of the town. It is used to account for all financial resources except those required to be accounted for in another fund.

Special Revenue Fund - General Revenue Sharing - This special revenue fund is used to account for the proceeds of the State and Local Fiscal Assistance Act and their expenditures as prescribed by the Office of Revenue Sharing.

Special Revenue Funds - Others - This special revenue fund is used to account for the proceeds of specific revenue resources (other than general revenue sharing, expendable trust or major capital projects) that are legally restricted to expenditures for specific purposes.

Capital Projects Fund - This fund is used to account for the purchase or construction of major capital facilities.

FIDUCIARY FUNDS

Trust and Agency Funds - Trust and agency funds are used to account for assets of the town in a trustee capacity or as an agent for individuals, private organizations, other governments and/or other funds. These include expendable trust, non-expendable trust and agency funds. Non-expendable trust funds are accounted for in a manner that permits the periodic measurement of revenues earned, expenses incurred and/or net income in order to demonstrate maintenance of capital. Expendable trust funds are accounted for in essentially the same manner as governmental funds. Agency funds are custodial in nature (assets equal liabilities) and do not involve measurement of results of operations.

ACCOUNT GROUP

Long-Term Debt and Liabilities - Long-term liabilities expected to be financed from governmental funds are accumulated in the general long-term debt group of accounts. This account group is not a fund. It is only concerned with the measurement of financial position and, therefore, is not involved with a measurement of the results from any operations.

B. Basis of Accounting

The accompanying financial statements have been prepared principally on the modified accrual basis of accounting. This method recognizes revenues when they become measurable and available. Expenses are recognized under this method as they are incurred.

Revenue Recognition - Property tax revenues are recognized when they become available. Available means then due or past due and receivable within the current period or expected to be collected soon enough thereafter to be used to pay liabilities of the current period.

All other revenues are recognized throughout the year when cash is received. Receipts during the sixty days immediately following the close of the fiscal year are also recognized as available revenue.

In applying the susceptible to accrual concept to intergovernmental revenues, the legal and contractual requirements of the numerous individual programs are used as guidance. There are, however, essentially two types of these revenues. In one, monies must be expended on the specific purpose or project before any amounts will be paid to the town, therefore, revenues are recognized based upon the expenditures recorded. In the other, monies are virtually unrestricted as to purpose of expenditure and are usually revocable only for failure to comply with prescribed compliance requirements. These resources are reflected as revenues at the time of receipt or earlier if the susceptible to accrual criteria is met.

Expenses - Expenditures are recorded during the year on a cash disbursement basis. In addition, as required by Massachusetts General Laws, disbursements made during the fifteen days immediately following the close of each fiscal year and which pertain to the prior year are recorded as warrants payable and expenses as of June 30th.

Purchase orders outstanding at June 30th related to annual operating expenses are recorded as encumbrances and, accordingly, as a reservation of fund balances at that date.

Deferred Revenue - Property taxes and other revenues that are measurable but not available have been classified as deferred revenue on June 30, 1985 as follows:

Outstanding property taxes June 30, 1985	\$ 531,345.40
Less: Collections July and August, 1985	<u>21,255.28</u>
Deferred revenue property taxes	\$ 510,140.12
Revenues reserved until collected: Motor vehicle excise net of July and August 1982 collections	\$ 308,324.51
Special assessments net of July and August 1982 collections	318,049.25
Due from other Governments	620,844.79
Departmental net of July and August 1982 collections	114,627.58
Special Tax	13,024.28
Tax liens	<u>173,316.72</u>
Deferred revenue - other receivables	\$ 1,548,187.63

Departures from Generally Accepted Accounting Principles

For years prior to 1985, the town presented its financial statements on the basis of accounting practices prescribed by the Commonwealth of Massachusetts, Department of Revenue. These practices differed in many significant respects from G.A.A.P.

During 1981, the Commonwealth of Massachusetts issued a revised uniform municipal accounting system entitled "U.M.A.S." The departures from G.A.A.P. under this revised system have been significantly narrowed. The town has adopted a modified U.M.A.S. for its financial statement presentation for 1985.

The significant departures from G.A.A.P. included in the Town of Wilmington's financial statements are:

- Retirement benefits are provided for on a "pay-as-you-go" basis rather than an acceptable actuarial cost methods (see note 5).
- General fixed asset acquisitions are recorded as expenditures at the time purchases are made rather than being capitalized in a general fixed asset group of accounts.
- Purchases for materials and supplies inventories are recorded as expenditures rather than assets at the time of purchase.

Reserve for Encumbrances

The balance in this account is made up of current and prior years unexpended appropriations carried forward.

4. Unreserved Fund Balance - Designated

Certain budgetary surpluses and deficits must, according to the General Laws of the Commonwealth of Massachusetts, be utilized to reduce or be raised in the next subsequent tax rate. These items have been included within the unreserved fund balance pursuant to G.A.A.P. but have been connoted as designated for identification purposes. These items included the following:

General fund:

Designated to reduce the 1986 tax levy	\$ 300,000.00
State and county overestimates	10,748.46
Reserve for abatement and exemption deficits	<u>(1,335.50)</u>
	\$ 309,412.96

Federal revenue sharing funds:

Designated for expenditures	\$ 460,000.00
-----------------------------	---------------

Special revenue fund:

Designated to reduce the 1983 tax levy	\$ 434,462.00
----------------------------------------	---------------

Trust and agency fund:

Designated to reduce the 1986 tax levy	\$ 7,303.00
----------------------------------------	-------------

The amount designated to reduce the 1986 tax levy was voted from available funds by the local appropriatory body (called the town meeting in Massachusetts towns) during the spring 1985 annual town meeting.

5. Pension Plans

Substantially, all employees of the town, except school teachers and certain other school department employees are members of the Middlesex County Contributory Retirement System. The pension plan provides retirement benefits for members who have obtained a certain age and for periods of service. Members contribute certain percentages of their salaries or wages to the plan. In addition, the Massachusetts Department of Banking and Insurance determines an amount, each year, that the town must contribute to the system in order to meet that year's projected benefit payments. The town's contribution to the system for the year ended June 30, 1985 amounted to \$593,940.00

This so called "pay-as-you-go" method does not provide for the funding of any unfunded liabilities that might exist as a result of an actuarial determination of the fiscal condition of the plan. The amount of the unfunded liability of the Middlesex County Retirement System is actuarially determined periodically and reported to the county by the Massachusetts Retirement Law Commission. The most recent actuarial valuation was prepared as of January 1, 1983. At that date, the actuarially computed value of unfunded pension benefits amounted to \$16,335,538 and is not reflected as a liability on the financial statements.

The school teachers and other non-member school department employees participate in a plan administered by the Massachusetts Teacher's Retirement Board. The town does not directly contribute to this plan.

6. Unemployment Compensation

The town is on the reimbursable method for paying unemployment compensation. Under the reimbursable method, the Massachusetts Employment Security Division sends a list monthly to the community of who has received benefits. The community then reimburses the Massachusetts Employment Security Division for these claims against the town.

7. Summary of Long-Term Debt

A. Long Term Debt Transactions

Bonds payable on June 30, 1985 amounting to \$12,335,000 are secured by the general revenue raising powers of the town which are restricted by the enactment of legislation during 1980. This legislation is best known as Proposition 2 1/2.

The following is a summary of the long-term debt transaction, Town of Wilmington for the year ended June 30, 1985:

	Original Amount	Percent Interest Rate	Date of Issue	Date of Maturity	Balance 7/1/84	New Issues	Retirements	Balance 6/30/85

"The object of government is the welfare of the people.

The material progress and prosperity of a nation are desirable chiefly so far as they lead to the moral and material welfare of all good citizens."

Theodore Roosevelt
